# All Those Yesterdays

#### SERVED BEFORE THE PROPERTY OF THE PROPERTY OF

When students arrive as freshmen, it feels like there is so much pressure to know what you want to do and to know who you want to be. As four years quickly pass by, without even knowing it, these questions become easier to answer--though the answers may constantly change. Throughout the four year journey, students are influenced by many factors of campus life. These factors include the clubs joined, the teams played on, the supportive professors, and friendships made. Everything that was learned yesterday has made each of us who we are today. It is impossible to go back in time, but it is possible to revisit the many memories, pictures, and stories from All Those Yesterdays.

--Cori Huntzinger

#### RELEGERE REPRESENTATION OF THE PROPERTY OF THE

The friendships made at college are bonds that will last for life. These were the people you studied with, comforted through rough times, and most of all had fun with.

These times are the memories captured in the 2001 Conestogan.

Freshman Walk

International Fest

#### Homecoming

The freshman walk in August marks one of the first special events on campus. The International Fest fashion show is a great way to learn about styles and designs from different cultures. The Homecoming parade throughout the streets of Etown kicks off the weekend's activities. Thanksgiving dinner gives students a chance to give thanks and celebrate with their friends.

Thanksgiving Dinner

As we reminisce fondly about college days gone by, visions of blue books and research papers usually do not dance in our heads. What does leave lasting footprints in the sands of our minds is the magic of that Junior/Senior Formal, the energy of that TGIS celebration, the food and fellowship of that Thanksgiving feast. These are the special events that help to unite the College community, linking us to our Elizabethtown home and to each other. The 2000-2001 academic year brought with it countless opportunities for memory-making, filling our schedules with experiences designed to help us escape from the tedious stress and frustration of reading, 'riting, and 'rithmetic. Traditional favorites such as the service-oriented Into the Streets program and the weeklong International Fest were joined this year by a repertoire of new activities: The innovative Thursday night coffee house allowed student performers to showcase their musical talents in front of receptive audiences, while providing entertainment and relaxation to frenzied and frazzled pupils. Though Broadway may be miles away, Elizabethtown again created its own version, inviting theater-goers into the dramatic culture of the fall and spring plays and the one-act festival. When 11:30 rolled around, the club was "jumpin', jumpin" as Thompson Gymnasium and Hershey Hall overflowed with music, laughter, and excitement during weekend dances. Although another leg of the college journey has drawn to a close, and for many this may signal the end of the voyage, we are not saying a permanent good-bye to our campus years. The memories shaped by all those special events give infinite life to all those yesterdays, preserving them in our minds and in our hearts through the days of the future. And when our children ask us where we got all those cool T-shirts...! —Kate Simmons

Students wait seven months for the annual TGIS weekend. Hanging out with friends, taking part in activities, and enjoying the beautiful weather are three things that make TGIS weekend the best weekend on campus.

So the car is driving away, and Mom and Dad are gone. You sit down on the bed your Mom just made and look at the pictures of all your friends from home neatly arranged on your desk. This is day one of your college experience. Your roommate is hanging up clothes in the closet as you unpack some CDs and movies. The two of you fumble for space on the shelves along with words and pleasantries. How dare your parents drop you off in a foreign place, with foreign people, let alone make you share a room with a stranger? Once the shock has worn off, and after you talked to your parents for two hours on the phone the first night, you start to get into the swing of things. You know that your roommate's alarm goes off for 20 minutes before they turn it off, the eafé has all kinds of chicken, and you have to wake up two hours before your first class so you can get a turn in the shower. Just when things can't get any worse, your RA gathers all the freshman on your floor together and leads you to Leffler Chapel. What in the world is going on? Now

you are holding hands with some other freshmen walking around campus, watching people make complete fools of themselves. Wait, they want you to do what? The Student Senate President wants you to run around the whole line and bark like a dog! Are they crazy? Oh, well, you do it! After five more stunts like skipping around a tree, kissing a pole, or proposing marriage to Dean Koogle: the walk is done. The next day in the café, he or she –the one you had your eyes on during the freshmen walk, walks up to you and asks, "Aren't you the one who proposed to Dean Koogle during the Walk? Okay, so maybe this freshman thing isn't so bad after all.

Being a freshman at Elizabethtown College can be a very invigorating experience. Think you're alone? Not here, where the juniors, seniors and Professors wave and wish you a good morning wherever you go. Friendly is definitely the word for this place. So put a smile on your face and enjoy! Be thankful that you have three more years at Elizabethtown College.

--Maria Konevich

Junior Senate member Jed Williams waits by Lake Placida for the signal to let the Freshman Walk 2000 begin.

Freshmen enjoy their Induction Ceremony at Elizabethtown College. This is the ceremony that oins the newcomers with the rest of the student pody. It is a symbolic way to say, "You are now one of us!"

Seniors Jen Bothwell and Stacey Panco, Senate members, prepare for the Freshmen Induction Ceremony in which they will help to distribute Etown pins.

Three freshmen guys practice their singing talents as they serenade Geogreann Tynyk, who works in Alpha Hall.

Sophomore Peer Counselor Dan Bogrette (center) sits with a group of freshmen at the annual Dessert at the President's.

President Long watches as a group of freshmen girls sing their hearts out to some upperclassmen guys.

The dawn of a new school year means moving what seems to be your whole life back to school in one trip. A good amount of upperclassmen even come back to school early for sports, clubs or student media. Once everything is all settled and students find out how everyone's summer was, then the real fun begins--getting ready for classes to start

Each year, students at Elizabethtown College file into the Thompson Gymnasium to begin the ritual that signifies the beginning of the school year. Once students receive their envelopes, they enter the gym to find it transformed into a system of stations. Students find a table and tear open their envelopes, paging through all the forms making necessary corrections, signing at the dotted lines. After completing this task, students walk over to the first station and pick up a new catalogue, and drop off the forms they had just signed. If there are any problems with financial aid, students proceed to the station, where members of the financial aid office

assist them in correcting the problems. The completion of the process is marked by the last station, where students receive stickers on their identification cards. Once the sticker is in place, students are ready to begin the new school year.

The following day students begin their first day of classes. On the first day students receive the syllabus, indicating when assignments are due and what books are needed. Usually the first day of class is pretty short. Professors briefly lecture the students on the nature of the course, hand out the syllabus, and sent them on their way with their first assignment. Summer vacation is over and it is time to get back to work.

--Jessie Katzbeck

Students work dilligently as they fill out all of their registration papers so they can begin classes.

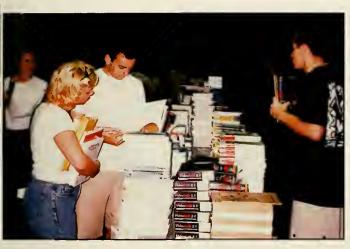

Juniors Jed Williams and Woody Adams offer their muscles and move two mattresses in Schlosser.

Student Patrol Officers Mary Holman and Amy Westervelt work on traffic patrol as freshmen move in.

Juniors Maria Konevich, Frank Marciante, and Chris Klaiber check out books for their Commuications classes.

Royer Resident Assistants Candace LaRicci and Swati Parikh get their paperwork in order so they are ready to greet the freshmen on their floor.

Peer Counselors Jodie McComsey and Maria King return to school early to help freshmen make their transition to college a little easier.

Sophomore Rachel Singer can't wait for her roommate to return to school so her room doesn't look so empty.

From musicians to floats to karaoke, Homecoming 2000 proved to be another huge success. Students, faculty, and alumni gathered at the midway on Saturday October 7 for a day filled with sunshine, laughter, and fun.

This particular weekend was also family weekend at Elizabethtown College. Many parents, siblings, grandparents, and other relatives of the college students joined the campus for three days of action-packed entertainment.

Saturday began with a parade of floats through Elizabethtown, which was followed by a lip sync contest, musical performances, candle making, 3-D movies sponsored by APB, and various other activities at the midway. Freshman Leah Costa said, "I think the lip sync contest was really cool and I had a lot of fun." During the afternoon soccer game, seniors Ryan Unger and Christy Callahan were crowned Homecoming King and Queen. Later in the evening, Bill Bellamy's comedy act evoked laughter and cheers from students and members of the community. The

fun-filled day came to an end at 11:30 p.m. with a lot of great tunes and dancing at the homecoming dance. Junior Ron Taglairino found the music "...really great to dance to."

Freshman Jenn Clifford, said that she "...had a great time at homecoming and everyone was in such good spirits." The overall atmosphere of the weekend was one of happiness, gaiety, and excitement.

--Trish Edelman

President and Mrs. Long enjoy their annual horse and carriage ride through the Homecoming parade.

These 5 girls entertained the crowd during the popular lip sinc contest.

As expected, the Homecoming midway was crowded with students, faculty, and alumni.

Twenty-seven years ago, former director of dining services at Elizabethtown College, Don Yoder, decided to let students celebrate Thanksgiving in a special way that has since become a campus tradition.

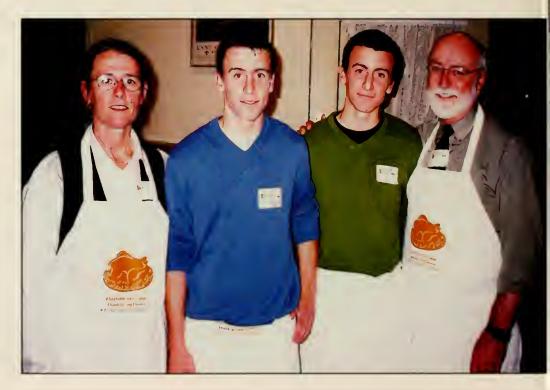

Each year, the students of Elizabethtown College gather together in Myer Dining Hall for a formal dinner in which the faculty serve the student body. Students are fed all of the proper holiday fixings from turkey all the way down to the cranberry sauce. There is even a special guest appearance by the President (not the President of the United States, but the President of the College) Theodore Long.

Students of each class look forward to this

special dinner. Junior Jackie Casey said, "It's a good time to get together with all my friends here who have become like my family to me." Sophomore Catharine Paxson enjoys the cafeteria food on the special day and enjoys seeing all of her friends dressed up. Even the freshmen are aware of how this dinner works and share in the anticipation and excitement. Jennifer Clifford, a freshman, said, "It was so much fun and it went above and beyond what I expected." If one thing is for sure, it's that Thanksgiving dinner was enjoyed by everyone who attended.

-- Trish Edelman

The McCallister family enjoys each other's company as they serve the Thanksgiving feast. From left to right pictured are Judith, Joe, Nick and Provost McCallister

Students enjoys spending time with each other at their annual turkey dinner.

Maria Plakoudas and Holly Edwards make a wish for he upcoming holiday season. The tradition is that whomever gets the largest half is granted their wish.

Friends enjoy each others company at Thanksgiving dinner. Many anticipate this day as a special time to spend with friends before the holidays.

Faculty and staff anticipate the busy night ahead of them. Many volunteer themselves (and sometimes their families) to help serve Etown students their holiday feast.

Reggae music filled the air as the Elizabethtown campus was transformed into a tropical paradise for the 2001 TGIS celebration. In keeping with the weekend theme of "Jamaican Me Crazy," students grooved to the island beat while hair was braided, neeklaces were made, and music videos were created. The festivities began Thursday night as hypnotist Michael Anthony mesmerized a full house at Leffler Chapel, and continued with Friday's side-splitting comedy show. Friendly competition dominated Saturday afternoon as students pitted themselves against each other in the obstacle course, bungee run, and great wall climb. The climax of the weekend, the ever-popular Battle of the Airbands, entertained a lawn-filling audience as energetic "musicians" showed off their karaoke skills, with cash prizes on the line. Senior Julia Delima said, "I wish I would have performed. There's no room to be shy at TGIS!" Senior and veteran airbander Christy Callahan, a member of the 2001 contest's trophytakers, adds, "coming back every year and raising the standards for Battle of the Air Bands was probably the highlight of the year for us. We're going to miss it, and we hope the tradition continues." Experiencing TGIS for the first time can be a bit overwhelming, but rookie revelers quickly become full-fledged

participants in the fun. Echoing the feelings of many, freshman Sara Polite enthuses, "TGIS shouldn't just be one weekend long, but a year-long celebration!"

—Heather Gillespie

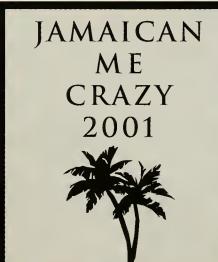

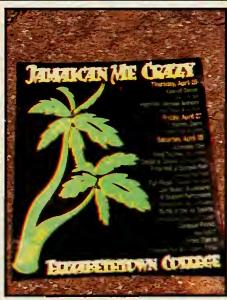

On March 17th, the college kicked off the seventh annual International Fest. It is a campus wide event celebrating the cultures, music and foods of people from different countries and regions around the world. International Fest gives students, faculty and staff the opportunity to celebrate the diverse cultural heritage present on our campus. Some of this years events included: international cuisine, a bus trip to New York City, a study abroad panel, an international fashion show, a hunger banquet, and guest lecturers such as Sam Gjergji, a Kosovo journalist for Radio Television Kosovo. The week long event came to a close on Saturday, March 24th, with a day long celebration of international heritage, including Universal Rhythms, which presented groups representing various multicultural backgrounds, such as Latin, Greek, Chi-

nese and African. Wayne Selcher, committee chair, said that this was the "best fest yet" and that a lot of people off campus and international students supported International Fest.

-Kelly Barnstead and Jim Kaurudar

The International Fest fashion show allows students to see traditional styles from around the world.

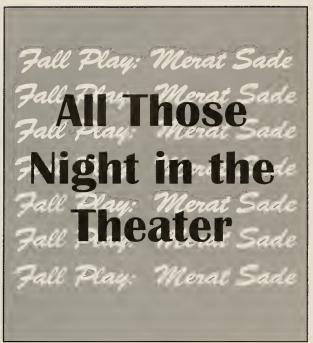

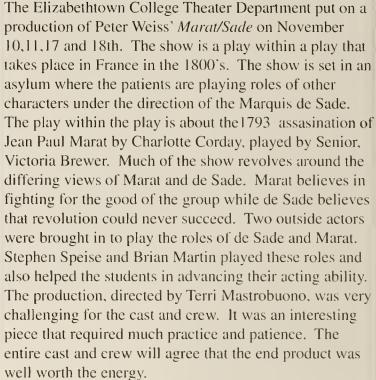

Clockwise from top left: Greek dancers perform in a traditional formation. The African drummers fill the Annenburg Center with an unforgetable beat. A member of the Beijing dancers takes center stage during her breathtaking performance. Dr. Elizabeth Newell models a Canadian dress during the Wednesday at 10 fashion show. Another member of the Beijing dancers shows off her talents in Hershey Hall. Senior Eli Vaugn acts as a Masters of Ceremonies during World Rhythms, a presentation of sights and sounds from around the world.

--Leigh Wilcox

Jean Paul Marat, played by professional actor, Brian Martin, gets a little carried away in this year's fall production of Marat/Sade.

Charolette Corday, played by Victoria Brewer, brings Marquis de Sade, played by Stephen A. Spiese, to his knees during the performance.

Counter-Clock Wise: Leslie Stillings and Carrie Mondorf show fun behind-the-scene work can be. One of the inmates practices for the performance. Who said acting was tough? Victoria Brewer and Judy Cavanaugh perform a relaxing scene inbetween Marat/Sade rehearsals. Kevin Cawley and Leigh Wilcox, dressed in vintage attire, watch as the inmates perform.

For the eleventh consecutive year, the
Elizabethtown college community was treated to
eight helpings of dramatic entertainment at the
Student Directed One Acts Festival. Four showings provided audiences with a spectrum of theater
ranging from comedies to dramas. The first two
nights of the Festival showcased the directing
talents of Victoria Brewer, Beth Dillon, Leslie
Stillings, and Jess Sherwood in "Slaying Bob
Marley and the Minion of Babylon," "Everybody
Wants the Euphonium," "Sure Thing," and "For
Whom the Southern Belle Tolls." The spotlight
shifted to directors Jen Kalweit, Justin Covington,
Elyse Shenkman, and Leigh Wilcox for the second
half of the event. As viewers enjoyed "The Uni-

versal Language," "The 'M' Word," "Two Eggs Scrambled Soft," and "Domestic Violence." This year's record turnout ensures the continuation of the popular One Acts Festival in the future.

--Christina Wilson

Sarah Polite and Jose Riofrio lit up the stage in this years One Acts Festival as they performed in the play entitled, The Universal Language.

Leanna Whetstone and Aaron Jenkins perform together in the play entitled, Domestic Violence directed by Leigh Wilcox.

The hard work and dedication of Sock and Buskin and the Fine and Performing Arts
Department made for four nights of enjoyable performances. Students took on the roles of director, stage manager, and actor to produce the 11th Annual One Act Festival.

April 2001 brought the wacky and whimsical musical Starmites to Etown, the first musical since Jesus Christ Superstar in 1998. Starmites is the story of Eleanor, played by sophomore Sarah Owens, a teenager who lives in a fantasy world of comic books because she isn't accepted elsewhere. Suddenly Eleanor is thrown into the comic book world called Innerspace, and she alone can save the universe. During the course of the play, Eleanor receives aid from Captain Space Punk and his Starmites, guardians of Innerspace, meets the Diva and her grou of banshees, and combats Shak Graa, the evil villian who wants to take over Innerspace. Along the way, Eleanor finds and uses her inner strength to rescue herself and the Starmites from a variety of strange situations. Filled with special effects, a brightly colored set with many hidden doors, crazy costumes designed by sophomore Carrie Schuerholz, unique music and dramatic choreography, and laughter, Etown's performance is not likely to be forgotten. Homina Homina Hey!

—Christina Wilson

Adam Halpin took to the stage as Space Punk, the leader of the Starmites.

Eleanor, played by Sarah Ownens goes on a wild adventure in the comic book series Starmites.

The Droids, dressed all in black, prepare for action in the musical.

Sarah Owens is backed up by the Starmites in a number.

### STARMITES!

Victoria Brewer, the Diva, belts out "Hard to be a Diva" as she is backed up by her girls.

Twinkling lights, crisp air, and the spirit of the holidays made this year's Winter Wonderland formal a magical event. On December 2, 2000, RHA put on an elegant event that exceeded everyone's expectations. Festivities stretched throughout both floors of the Annenberg Center. The music was great, the décor beautiful, and the students primed to have a great time. Junior Julie Haines smiled as she said, "It was a good time with my friends and a nice way to end a good semester." Most attendants would have to agree. The atmosphere reminded everyone how great it was to spend time celebrating, and of the much anticipated winter break that was only a short while away. This annual event was

definately a good time that the attendants will remember for years to come.

--Jen Heisler

The stars were certainly out in abundance at the Junior/Senior formal for Elizabethtown College's celebration of "A Starry Night." The April 7 dance was sponsored by the Class of 2002 and was held at the Radisson Penn-Harris Hotel in Camp Hill, PA. More than 200 couples attended the formal dance, and were dazzled by the spectacular ice sculptures upon entering the ballroom of the hotel. The couples did some dazzling of their own as well, modeling stylish formal attire and dancing the night away. Many couples stayed on the dance floor from the first dance until the last, showing an undying spirit for spring celebration. According to Jeff Bailey, the President of Student Senate, the dance was "fabulous." He said that various mem-

bers of the administration called it one of the best Junior/Senior formal dances that they had been witness to. With the showing of this year's dance to build on, it is likely that there will be many a "starry night" to come in the future.

--Eric Stark

Ben Nevius, John Bilich, and Jarett Benson, Student Senate members, show that the Jr./Sr. Formal is a success.

Jordana Garcia, Elizabeth Murphy; and Justin Caldarone, Sue Rossetter, Tracey Lambert and date Matt.

This year, the traditional Convocation ceremony, held to honor the achievments of faculty members and college scholars, also welcomed the class of 2004. Dean Lisa Koogle initiated the freshmen into the Elizabethtown College family by talking about a strong sense of partnership of students that they would experience in the upcoming months. She also recognized that each student in the class of 2004 brings their own gifts and talents to contribute to Elizabethtown's exhisting community.

Junior Jeff Bailey and student Senate President paid tribute to the high level of interaction that takes place between students and faculty both inside and outside of the classroom settings, allow-

ing the college to strengthen its bonds of unity.

President Long discussed the self discovery that takes place as we unite our spirits with society to educate for service, embracing a larger civic purpose and enhancing our relationship with the world around us. Each member of the college community was encouraged to seek points of connection among the various academic disciplines, and to take this knowledge from the classroom into the streets.

--Kristy Hauer and Kate Simmons

Mandi Ewing, Lynn
Fink, Abbie Fabian, and
Claire DeVere show
their smiles before
Convocation.
Convocates are recognized for their high level
of academic achievement.

Part of Convocation is to recognize the faculty of Etown and their achievements.

This year, Convocation also acted as a way to welcome the new freshmen to our campus.

Convocation was a pleasant event for faculty members to catch up on their summer activities.

Convocates receive last minute instructions and wait patiently before they are to enter the crowded Thompson Gymnasium.

Elizabethtown College celebrated another year of success with the yearly "Into the Streets" project. This year the event took place the weekend of October 20-22, 2000. Over 600 students, staff, and community members collaborated on more than 30 projects in the Harrisburg, Hershey, Elizabethtown, Lancaster, and Philadelphia areas.

Shirley Deichert, Director of the Learning Center and Into the Streets Staff Coordinator, was overwhelmed by the positive response she received from the projects. She is very proud of the difference that people have made in our area as well as in places a little further from campus. Co-Staff Coordinator Diane DeArment and Student Leaders Kelly Rombach and Angelina Saienni also played a huge role in the planning of this event.

Into the Streets encompassed five areas of volunteering: Public Relations, Youth, Senior Citizens, Environment, and Social Issues. Student leaders organized

groups to participate in a variety of projects, such as working the activities fair, raking for seniors, painting for the Special Olympics, and much more.

The kickoff to this rewarding weekend of festivities included a rally on Friday evening, where students gathered to get to know one another and make last minute plans for the big day. Bright and early Saturday morning there was a send-off in front of Myer Hall as the volunteers headed to their sites. Following a day of hard work, a pizza party was held Saturday evening to congratulate the students, staff, and community on a job well done.

Deichert felt that this year was a particular success for a number of reasons: The weather was perfect, there was a large number of participants, and most importantly, a lot of work was completed as a result of the college's venture into the surrounding community.

--Jen Feiser

Members of Student Senate are hard at work cleaning up the Fun Fort in Elizabethtown.

Shirley Deichert, director of the Learning Center and coordinator of the Into the Streets project poses with the Blue Jay.

Ryan Unger and Leanna Whetstone prepare the troops for battle before the main event.

Members of the Education Club and Kappa Delta Pi went into the streets to help local teachers with classroom duties.

Student Senate takes a break to have fun after their day of cleanup.

May 19, 2001 proved to be a beautiful day as 336 students were awarded their college degrees. Graduation day was a proud day for not only the graduates, but for their parents, grandparents, siblings, friends and other family members who were in attendance. The Dell was full of hundreds of invited guests, faculty, and the College Board of Trustees present to support the class of 2001.

This commencement day was four years in the making. The graduates honored on the 19<sup>th</sup> of May withstood four years of studying, group projects, papers, and exams. The rest of their time at Elizabethtown College was filled with campus jobs, athletics, and clubs. The graduates proved that they could overcome the best and worst of times to complete their goal of graduating from college.

Graduation day was also marked by great change and transition. With mixed emotions, the graduates were full of anticipation for what the future would hold and also seared about that same thought. For some, that meant moving back home after being away for four years. For others, they would embark on a new journey and venture out on their own. Senior class president Kellie Sweeney addressed her classmates at the ceremony. "We have learned that it's okay to change your plans, that loving your job is more important than being rich, that working hard towards your goals always leads to success and that a

smile is the shortest distance between two people."

The 2001 Commencement Speakers was Dr. Eugene Hickok, former Secretary of Education-Designate in Pennsylvania, and the current Under Secretary of Education-Designate in the George W. Bush administration. In Dr. Hickok's inspirational message to the graduates, he urged them to look at their lives as a book. It is up to them (the author's) to make it a good book—a good life.

The graduates are now empowered with the ability and Elizabethtown education to do great things in the world. Best of luck and success goes out to them—the Elizabethtown College Class of 2001.

—Kristy Hauer

The graduates make their walk from the BSC to the Dell with Commencement soon to follow.

34 \* Special Events

Special speakers at the 98th Commencement included President Theodore Long, Dr. Joan Austin, guest speaker Dr. Eugene Hickok and senior class president Kellie Sweeney.

One of the most recognizable buildings on campus is the Steinman Center for Communications and the Arts, with its tall columns and protocol. The Steinman Center includes the 122-seat Brinser Lecture Room (the "BLR"); classrooms; art studios; and photography, audio, and computer labs. The Department of Communications is located on the second floor. The College's FM radio station, WWEC 88.3 and cable television station, channel 40 ECTV, open to all students regardless of major, are housed in the Steinman Center.

Over the summer, several changes were made to Steinman to better accommodate both students and faculty of Elizabethtown College. A two-story addition for multimedia labs, video production labs, and two art studios, was completed as part of the rennovations.

Overall, both students and faculty were pleased with these changes. Junior Stephen Shayter said that the new addition is "great because it provides students with

much more space and new technological advances." Associate Professor of Communications Donald Smith, said that he is happy with the changes and that it is what the department both wanted and needed. Sophomore Brad Heilman notes that the new ceramics room provides students with more space, making the work area less cramped, while junior Frank Marciante summarizes the remodeling as "a welcomed change."

--Trish Edelman

Clockwise from top: As part of the Steinman Center renovations, an addition was built to house a computer lab and more art and media studios. Two Communication majors work on a project in one of the new edit suites. Seniors Megan Luhrs and Brian Baumley take advantage of the new computer lab.

36 \* Special Events

Along with additions and changes to Steinman Center, there were also changes to the campus grounds. Such changes included the beautiful garden behind Alpha Hall, which was a gift from the class of 2000. The College also built a new multipurpose soft track behind Leffler Chapel as part of the master plan.

Special Events \* 37

It is a miracle. Brinser is a new place. Compared to last year, Brinser Residence Hall is a palace. The building was totally renovated over the summer and received some exciting changes that impressed the entire campus community. First the entire place has new carpeting and a cenral air condiioning system. They cut the number of the rooms down and added four suites to the building. Three complete kitchens, as well as a new door system where one can swipe an ID card instead of using keys, where also included in the remodeling. Justin Prud'homme quoted: "I have been a resident in Brinser for two years now. And the changes that have taken place over the summer really impressed me. Brinser has become the most comfortable dorm on campus. Being an all-male dorm, the smell has been less than tolerable. Thanks to the respect the students have for Brinser, the building is kept clean." For the new students it has been a good place to live so far. Chad Puderboch, a freshman this year at Elizabethtown said that

the location of the building is the thing he likes the most about Brinser: "Its in the middle of campus, making it easier to go to your classes, the gym, the cafeteria, and everywhere else. Definitely the best place to live on campus," stated Chad, a current resident on Brinser 1 North.

--Vitor Moraes

New handicapped entrances, at both the front and back of Brinser, make access to the dorm quicker and easier for all residents.

The newly decorated Brinser has a easier way to make a quick snack.

Close parking and spacious living rooms are just a few of the pluses to living in the garden apartments.

Elevators make going to and from much easier--especially to those who do not reside on the first floor.

Senior Sue Rossetter enjoys the luxury of keyless entry as she swipes her ID card to enter the apartments.

The new computer labs in Brinser offer the convience of other computer labs around campus, only right down the hall.

What do you think of the new Garden Style Apartments?

"I really like the new apartments. The bedrooms seem to be as big as a dorm room Everything is new and clean."
--Tracey Lambert
Senior

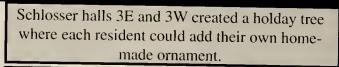

"They are impressive. I like the space and freedom. It's also nice to be around all upperclassmen."

--Drew Tirney
Senior

"In my Garden
Apartment, there's a real
sense of community and
an atomosphere of
friendship. The layout of
the apartment makes
movie night, cooking
dinner, and hanging out
together fun."
--Shannon Ebbecke

Senior

Ober hall A3 works together to make a get-well poster for a sick friend.

These Royer girls show how much fun group study sessions in the dorms can be.

Hall programs, such as pumpkin painting, can always add holiday spirit among the residents.

Senior Helen Desplanques works diligently to put her couch together during upperclassmen move-in day.

Each year students at Elizabethtown College must ponder that age old question: "Where am I going to live next year?" For students considering this question, there are a variety of options available to them. Residence halls offer students co-ed or single-sex living. The Garden Apartments and Schreiber Quads give students the oppurtunity to experience apartment and townhouse living. The SDLC'S allow students to occupy off-campus housing while volunteering in the community.

Living in a residence hall provides a student with a variety of options. The halls offer single, double, and triple occupancy rooms. Special interest floors are available for students who request them. Wellness floors allow students to live with other students who wish to retain a healthy lifestyle throughout the year. Quiet floors are set up to maintain a quiet atmosphere for students to study and sleep. Freshmen Interest Group floors combine students from two freshmen seminars to live and learn together.

Founders, Ober, and Royer are the co-ed dorms. Founders is the largest dorm, consisting of four three-story wings, connecting to a main lounge. Founders houses 316 students, with groups of 16 on the top two floors. Ober is divided into two wings and houses 200 students. Brinser, Myer, and Schlosser are the single-sex dorms, Schlosser, the largest women's dorm, consists of 205 students.

If students wish to live out of the residence halls, they can live in the Garden Apartments, Schreiber Quads, or SDLC's. The Apartments and Quads, each housing four students, offer fully furnished kitchens and bathrooms, and provide residents with a taste of independent living.

Whatever your residential preferences, E-town College supplies diverse living arrangments to meet everyone's needs and interests!

-- Jessie Katzbeck

Schlosser RAs Claire DeVere, Christa Deibler, Liz Lutz, Tara Pauley, and Cait Hopson, along with building RD Stephanie Cook, welcome all new residents of Schlosser during freshmen move-in day.

## BRINSER

Home to a large portion of Elizabethtown College's resident male population, Brinser Hall was the site of many - some may say badly needed - rennovations. Notorious for its middle-of-the-night fire drills and energenic parties, Brinser has earned a reputation as the "bad" dorm on campus. While the mere mention of the hall's name may cause some critics to let loose with "Brinser-bashing" tirades, residents of the dorm are quick to defend their cherished home. Says junior Elliot Thomas, "It's [the hall's] just misunderstood. I wouldn't give up the mayhem for anything." Fellow Brinser boy Eric Mucha agrees that nothing can beat the dorm's weekend entertainment: "No matter what time of the night it is on Friday, you can still manage to find some fun." --Chris Steltz

When thinking of Founders, most people may just think that it is one of the co-ed dorms here on the E-town campus. However, for those students who have resided within this building, they see it as more than that. Founders is actually the collection of four sections, named easily enough, A, B, C and D. They are all connected to create a unique living environment. Part of what makes this hall the best, according to its residents, is the relationships that are formed by those living here. "The closeness of the people living here...that is what makes Founders the best. We live together in sets of four rooms, eight people all together...as a result, you form close bonds with these individuals from the start...everyone gets to know everyone," stated Christine Pearsall; Freshman Founders D-1. Whichever dorm you live in, you may feel that yours is the best...and this statement certainly seems to ring true for the close-knit residents of Founders.

H A L L Though Elizabethtown College has such a small campus, we all must admit that there are some quality dorms here. Of course, we cannot go and compare ourselves to ivy league institutions, but in comparison to schools of similar caliber, our campus offers great housing for students. There are numerous differences among the six dorms, and arguments can be made for why each is better than the others. Even though Myer is an all-female dorm, there are a variety of students, such as freshman Deanna Daus, who feel that Myer is the very best. As a resident of Myer, she says that her dorm is much nicer than others on campus. Daus also mentioned that it is a plus to be close to the dining hall, and that students in Myer are friendly. She said, "People always say hello, even if they don't know you." There are even guys at Elizabethtown College who feel that Myer is the cream of the crop. When asked if he would live in Myer, senior Tony Kuo said, "Yeah, I'd definitely live there, if it was co-ed, mostly because of the convience of the caf." So, although all of the dorms on campus have their advantages and disadvantages, many students consider Myer to be the very best of all.

Ober Residence Hall, the mecca of campus co-ed living, is one of the most popular spots to dwell. The dorm's central position provides easy access to virtually every campus site. Freshman Liz Arkuszeski mentions this convenient location as Ober's most attractive feature, while other residents attribute the dorm's favorable reputation to it's spacious rooms and halls. Ed Moorehouse describes his hall as a "close-knit community," echoing the opinions of many others who enjoy the bonds that develop among hallmates during the year. With all of these positive features, why live anywhere else?

Ober residents wonder.

## R O Y E R

Royer Residence Hall is locaated on Mt. Joy Street, close to the other residence halls of Myer and Schlosser. It was an all-girls dorm until last year, when a number of incoming freshman guys made it necessary to add a hall full of boys. Although it is not in a centralized location on campus, many of the residents still feel that it is the best dorm on campus. By far the most popular thing about Royer is the large room size, named as benefit by almost every resident. Others had their own ideas. Sophomore Laura Flannigan, a second year resident of Royer, decided to stay in the same room because of the large closet size and the view from the side of the building closest to The Dell. Sophomore Matt McClendon, who lived in Brinser last year, decided to move to Royer because it was cleaner and quieter than the all-boys dorm. Another new transplant to Royer, Nicole Bills, lived in Myer last year and was impressed not only by the large room size here, but also by the fact that the walls are white. Other popular benefits of Royer are its proximity to the cafeteria and the fact that all of the residents are friendly with one another.

Schlosser Hall, designed by architect J. Alfred Hamme and named after the College's sixth president, Ralph W. Schlosser, was dedicated in 1966. The largest women's residence hall on eampus, Schlosser houses approximately 205 students. Designed to foster group relationships, the hall encourages the integration of each resident into the life of the dorm, and the ladies of Schlosser enjoy the close-knit bond that unites them. Sophomores Crystal Dalangin and Kelly Hennessy say that Schlosser's status as the only all-girls dorm with carpeting and air conditioning, as well as the large room size, sets this hall above the rest. For Lisa Soja, sharing "the cleanest dorm on eampus" with all of her friends is the source of Schlosser's appeal. Whatever the reason may be, on thing is clear: those who live in the dorm love it and each other.

House: Jodie Gilfeather, Angela Moyer, Kristen Gardner,
Mary Selleck

Who has time to do community service with all the homework that professors are more than happy to provide? The members of Elizabethtown College's twelve SDLC (Student Directed Learning Community) programs do just that. These 55 students are making the most of their time at college by getting to know and improve the community in which they live. Brett Koser, a sophomore and member of the ACE (A Cleaner Community) SDLC, says he enjoys the interaction with the community. "Every morning I talk with our neighbor while she is out walking her dog. She is very happy to see college students working in the community of Elizabethtown and making it a better place for everyone to live." Beckie Ressler of the BLUE SDLC agrees. "The interaction with the people of Elizabethtown is a priceless opportunity and one that more students should take advantage of. I also enjoy seeing the differences in how this town operates as opposed to my hometown." As a whole, most members of the SDLC program agree on the main reasons that make living in an SDLC the best opportunity on campus. In addition to the greater sense of responsibility that comes from independent living. SDLC residents establish lasting friendships, experience life-altering community interactions, and enhance their understanding of life situations that are different from their own.

--Jen Feiser

LOVE (Laughter Overcomes Virtually Everything): Steph Snyder, Jessalynn Rigterink, Kate VanValkenburg, Michelle Johnson

Saturday's Special: Allison Gilham, Kelly Rombach, Angela Landis, Sarah Polite, Emlyn Farinola.

Taryn O'Hara and Holly Dolan enjoy a beautiful day on campus.

Steph Meyers, Tammy Stauffer, Lyndell Foreman, Laura Beeghly, Jen Halladay, Jess Smith, and Marissa Rote celebrate Jen's 22nd birthday.

All those yesterdays...freshman, sophomore, junior and now even senior year seems to have flown by. Our years here have marked change within ourselves and within the Elizabethtown College community. We have seen friends, professors and staff move on, and have welcomed new ones along the way. Each one of those yesterdays marked a new milestone in each of our lives. Finally, reaching the point of being a senior, it is as though we have stumbled upon some form of success...and what a journey it has been. Had it not been for those yesterdays, we would not be where we are today, and where would we be going in the future? Every person brought with them their own life experiences and dreams, and each of us will leave here having gained more because of these individuals. Elizabethtown was a new and exciting experience at our journey's start so long ago...and yet, today it continues to be just that...new and exciting. As seniors, we are ready to embrace the future, and we will take with us the thoughts, dreams and memories that were created here at Etown from all those vesterdays. Elizabethtown will forever be a part of us.

--Shannon Murphy, Senior Communications Major

### Congratulations to the class of 2001!!

Seniors celebrate 2001 Hours until Graduation

Here's to the future...Good luck to the Class of 2001!

Dr. Jill Bartoli searches for a lost item under her desk.

Professor John Rorhkemper stays after class to talk with a student in Gibble Auditorium.

Professor Barbara Tulley reviews a spreadsheet prior to one of her computer science classes.

#### **All Those Roles**

When we look at the faculty and staff of Elizabethtown College, we find that they all play many different roles in the life of a student. Whether they are teaching subjects to better enrich our lives, helping us select classes, offering us advice on personal concerns, or simply finding a book or resource in the library, the faculty and staff of Elizabethtown College are doing many things to help ease the hectic daily lives of students.

"Many of the faculty and staff have helped me to understand that everything I do will affect someone or something else, and I must fear and respect that concept," says Chris Klaiber. "I believe that the role of the faculty is to keep you from doing extremely stupid things."

Sophomore Adam Brophy reflected on a similar opinion. "Most professors are very open and sincerely concerned with the progress of their students. This makes for a comfortable learning environment and lowers stress."

"On many levels I have connected with my professors, advisors, and employers," says junior Amy Kanz. "There is always an open door for a student, and every situation is approached with understanding and compassion."

These are just a few opinions and compliments about the faculty and staff at Elizabethtown College. They take their job and responsibilty to the next level to ensure every success possible to each student they come in contact with.

--Adam Datsko

Senior Mike Aitken talks with Dr. Juan Toro of the Education Department as they walk along the second floor of Nicarry.

# One Last Look at Etown Faculty 2000-2001

Faculty and Staff \* 117

You have entertained me since the day you were born. You have so many gifts to share. My heart is filled with pride & love. Can't wait to see what is next!

Love, Mom

Congratulations Chris!

We are so proud of the self-motivated, determined & hardworking man you have become. You have triumphantly completed one giant step closer to your life's path to success. As you continue your journey we wish you enormous happiness. You amaze and delight us. We love you endlessly.

Love,

Mom, Dad, Cheri, Mark, Alex & Cara

Taryn,

From nursery school to E-Town, the time has gone by so quickly.

Congratulations!

Love from all, Dad, Mom, and Erin Amanda Rose Caron

Our precious Little Girl, grown into a beautiful & caring young woman! We are very proud of you & your accomplishments.

Much Love and Happiness Mom & Dad

Sarah G.

I am so lucky to have you for my daughter. I am so proud of you! Congratulations!

Love, Mom Penny,

We never really suffered

The dreaded empty nest.

As we sent you to E-town

To take all those tests.

Bio and Bible,

Anatomy and Chem,

Put challenges before you,

But you sure conquered them.

Our love and Support is with

you in every way,

We are Bursting with Pride
As you Graduate today!

We know you will go forward to the

Next level of existence, As we know you will become

The Best Physician's Assistant!

All Our Love, Mom & Dad

# Congratulations, Josh Zmroczek!

Love, Mom, Dad, Jerith, Maxx, Ozzie, & Lucy

P-L-P

#### KATHLEEN MADELAINE MACKLIN

Congratulations

We are so proud of all your accomplishments and to have someone in our family who can teach others to enjoy music.

Michael Oberly

Your achievement we note with pride. Your growth as a caring, compassionate young man we acknowledge with Love. Elizabethtown College we thank you.

We love you, Mom, Dad, Kim, Kristi

#### Coleen Elisabeth Long

We are very proud of everything that you have already accomplished and what we know you will achieve in the future. We know your life will be filled with happiness and success. May all your dreams come true!

Love, Dad, Terri & Bryan

Congratulations Rubaiya! We knew all along you'll be a winner. We're so proud of you.

We love you. Ammu, Abbu & Apu

Jesse Michael Endler

May happiness and love, success and courage follow you in all that you do. We were truly blessed to have a son like you.

Seek your dreams.

All our love, Dad, Mom and Maggie

#### Congratulations Laurie!

We hope you look back often, and always with fond memories of your years at E-town. You can be very proud of all the hard work you put into your education. You know we are extremely proud of you. We wish you much success and every happiness in the future and always remember how much we love you. Mom and Dad

#### Kami Elizabeth Nicholson

#### Congratulations!

You have been and always will be a sweet, caring, and loving young woman. We are proud of all that you have accomplished and wish you a lifetime of health, happiness and success. Pap would have been so very proud of you.

Love,

Mom and Grandma

#### Annamaria,

The years have gone so fast but not without so many wonderful memories. Your hard work and determination have brought you some of the finest achievements in life. We are so very proud of the woman you've become and for always doing your best. You will be a success in whatever you do in your life.

Congratulations and lots of love, Mom & Dad

Tracy,
Congratulations!
You focused and with lots of hard work achieved your goal. We are very proud of you.

Love always, Mom and Dad

Jenny Sickmond
Congratulations!
We are so very
proud of you and of
everything that you
have accomplished!
Love,
Mom. Scott & Chris

Shannon,
We are so
proud of you
for everything
you achieved.
Good luck
with the future.
The best is yet
to come!

We love you,
Dad & Mom;
Amy, Jeremy & Marcus;
Amanda, Amber, Andrew;
and Mam Mam Stevens

Natalie,
Aren't you done yet? Well, you're
my best friend. We go shopping
when we're emotional and no one
can compare when it comes to
waverunners! I'll love you forever.

Danielle

Dear Natalie,

What's next? Law, career, travel? Whatever you want to do - you can do it! We're very proud of you, we're very blessed.

Love, Dad & Mom

Jennifer Hughes,

You have learned your lessons well. Now it is time for you to take your ability and your values to make a positive impact on the world.

Much Love and Respect, Mom and Dad

#### Kathy,

We are very proud of you. Congratulations and keep up the good work.

Love. Mom, Dad, Chris, Bob, and Grandma

#### Congratulations Ryan!

Where did the time go...? Wishing you much success and happiness in your future endeavors. You are a very special young man.

Love, Mom and Bob

Becky,

Where has all the time gone? It seems like yesterday you were a young girl. Today you are a grown woman who has achieved so much.

Congratulations!
Love,
Mom, Dad, Jen & Brian

#### Congratulations Jen!

We're so proud of you! You've worked hard at your education and your activities. You have so much to offer the world.

All our love, Mom, Dad & Mike

Marissa Lynn Rote
You've been successful through
your perseverance, determination,
and hard work. We are very
proud of your many accomplishments, and wish you much
success in the real world of
occupational therapy and what

lies beyond. Never underestimate the power of your dreams.

We love you, Mommy, Daddy and Rachelle

#### Tadd Zettlemoyer

The ending of a journey that we started long ago.
The growing up, the giving in, and finally letting go.

You've learned a lot and even more - can not say "I don't know."
It's been a challenge - and a pleasure watching while you grow.

Love, Mom Ryan,

Congratulations! We are very proud of your accomplishments. Continue to use your talents and keep growing in the knowledge that learning never stops.

> Love. Mom, Dad and Krista

Congratulations Heather!

You've worked hard and it shows. You've accomplished a great deal and we are so proud of you!

We love you, Heather. Mom, Dad, Lindsi, Trent, Ty & Matt

Dear Elizabeth,

It seems like only yesterday when you entered pre-school. Each year has brought you accomplishments and memories. College is now over and you are ready for the rewards of your hard work. Your graduation is just one of the many successes we see ahead for you. Your drive, dedication, spirit, zest for life, and the love that you bring to family and friends is what makes you a beautiful person.

> We love you and are proud of you! Mom, Ray and Christopher

April,

You have been such a joy to us since the day you were born. You are such a special person and we are extremely proud of you.

Congrats on a job well done at E-town. We love you, Mom, Dad & Frank

To Our Sweet Melissa, For the past 22 years, you have brought us nothing but joy. Now, it is your turn to spread your wings & fly....May God guide you in everything you do.

With much love. Mom, Dad & Elena

Alycia-

From the 1st day of school until your last day of college, you never lost your smile. We are so proud of you and all of your accomplishments.

Keep working hard and you will achieve your dream.

> We love you! Mom, Dad & Joey

Congratulations!
Cheryl
You've always made
us proud. Wishing you
love, happiness, and
success in your future.

Love, Mom & Dad

Congratulations! Colleen/Kiddle
We're very proud of you and of your graduation. We
send our love to you with warm congratulations. In
distinguishing yourself, you've distinguished us too,
for we have shared your dream that's finally coming
true. You are an achiever and a dreamer at heart, but
it's your achievement that sets you apart, then go
dream grander dreams. We're very proud of you, and
may you keep climbing til all your dreams come true.

Love, Mom & Art

Congratulations Lauren!!!

We are so proud of your accomplishments. Know that Daddy is looking down and smiling too. We wish you the best that life has to offer.

Love, Mom, George, Larry, Sarah & Nanna

#### CONGRATULATIONS, SARAH!

It seems like only yesterday that you began college. It's time to go out into the world now to make your mark. Your family wishes you much happiness and success.

Love,
Gram, Aunt
Dottie, Unele
Bill, Aunt
Carole, Uncle
Clay, Aunt
Sharon, Uncle
Bob, Aunt Mae,
Angie, Roag,
Dustin, Katie,
Tehanie, Bobby
& Ben

Congratulations
Christy
on so many
successes.

We love you, Dad, Mom, Sean, and Kevin

#### Congratulations Chrissy!

We are so proud of you, and as always, We love you.

Mom, Dad & Kathy

John,
The years have
passed swiftly
from those first
steps to this, your
graduation from
college. You have
turned into a fine

young man with a great future in front of you. We are very proud of you. Congratulations and reach for the stars.

Love, Mom, Dad & Peter

We are so proud of you!

Love, Mom and Dad

Laura,
We have always been
proud of you;
in the classroom, the
pool or on the
field of competition. You

are a true motivation and will be a terrific OT.

Much Love, Dad and Mom Congratulations Pitt!!

We are so proud of you and your accomplishments. We wish you much happiness and success as you graduate from college.

Aim high and follow your dreams!!

Luv ya, Mom, Dad & Stacey "You have to accept whatever comes and the only important thing is that you meet it with the best you have to give."

-Eleanor Roosevelt

Dear Paul,

You have completed 21 years of life and learning following this philosophy. From your first day of school in 1984 when you announced "you can make me go but you can't make me like it" to your statement of 2000 "it's college....it isn't supposed to be easy." You have met each challenge with a confidence and persistence that has brought out the best in you at each turn.

Here's to you Paul....may you complete your journey of a thousand miles.

Hakuna Matata Love, Mom, Dad, Alison and Anne

Amanda Haines

It seems like only yesterday you were our little girl. Now, you are ready to graduate from college. You have always made us so proud of you. Continue to follow your dreams.

Love, Mom and Dad

"Alli"

Some time ago, you were sent to me from heaven, my most precious gift of all, Allison, my baby girl. Still to this day you are and will always be "My Baby Girl." As the song goes: "All the precious time like the wind, the years go by. Preciously butterfly spread your wings and fly."

Love always, Dad, Lisa, Gabrielle, Evan and Patrick

#### Allison Michelle Gilham Congratulations

Wewish you

Every joy

And happiness

You deserve it!

With much love,

YourMom Evan and Patrick

#### DREW TIRNEY

As new dreams and challenges arise on your horizon, Always remember, There is nothing as unending as our love for you.

> With much love and pride, Mom and Dad

Greg Kasmer

Greg, from the first day at Sabold to your graduation from Elizabethtown College you have made us proud. We know you have a great future ahead.

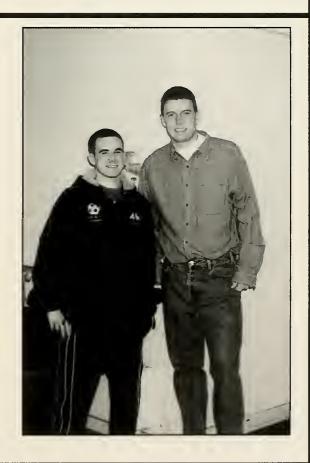

Love from all of us, Mom, Dad, Megan, Gary and Kate

To Andrew and Greg

May the friendship that began in kindergarten at Sabold School continue long after your graduation from E-town. Thanks for seventeen years of wonderful memories!

Love,
The Kasmer's and the Tirney's

Congratulations, Brian! We are so proud of you!

You have accomplished so much!
We wish you continued success in everything you do!

Most of all, we wish you much happiness always!

Much love,

Dad, Mom and Steve

Christine Hoyer
Continue to do ordinary things in an extraordinary way. Have health and hope and happiness. Take time to wish upon a star.

And don't ever forget...
for even a day...
how very special you are.

Congratulations!
With Love, Mom and Dad

#### Kara,

A parent holds their child's hand a little while, their heart forever. From your first day of kindgarten to your last day of college, we have slowly let go of your hand. Sometimes quickly grasping it back. We are very proud of the young woman you have become and all you have achieved. We will you love, happiness, success and adventure.

Love you lots, Mom and Dad

#### Congratulations Jessi,

We are very proud of you and all of your accomplishments. You have always met each new challenge with a spirit of enthusiasm, determination and humor. We wish you continued success and happiness!

We love you, Mom & Dad

#### Corrine E. Julian

From our very first visit, we knew you belonged at E-town. Thank you for sharing this wonderful adventure-we are so very proud of you and all of your accomplishments. Enjoy every moment and fill your life with friends, laughter

and love. You will be a wonderful

Love always, Mom, Dad and Becky

teacher.

# **Cori Huntzinger**

"A pretty girl is like a melody."

Stay happy and beautiful forever!

Love, Dadand Michele

#### Danielle Strum

Roots and Wings Are the gifts we hope we've given to you. Roots of family, church, school and community. Wings to take off and do whatever you want to do, even going to Australia and New Zealand.

> We are proud of you and love you. Mom and Dad

#### EMILY,

Your time at Elizabethtown went by so quickly. Your command of getting an education, as always, made us very proud.

#### CHERISH THE MEMORIES!

Congratulations and Love.

Dad. Mom. Allison and Jessica

#### Congratulations David!

Remember that first day? Look at all you have accomplished. We are so proud of you and you are a special son.

Love, Mom & Dad

MEGAN, CONGRATULATIONS!
SEEMS LIKE ONLY YESTERDAY...ONLY FOUR
YEARS BEFORE YOU ARE ON YOUR OWN.
NOW IT'S HERE AND WE ARE VERY PROUD OF
YOU AND WHAT YOU HAVE ACCOMPLISHED
IN THOSE VERY SHORT YEARS! WE WISH
YOU GREAT HAPPINESS AND MUCH SUCCESS
AS YOU VENTURE OUT ON YOUR OWN. WE
LOVE YOU AND COULDN'T BE MORE PROUD!
MUCH LOVE TO OUR PRINCESS,
MOM, DAD, HARDY & LIZ

#### Matt,

You have always managed to make us so proud, whether it be for academics or athletics. We're so glad you made E-town your choice. It's been a joy to watch you mature and become the man you are today. Congratulations on

an outstanding four years and good luck in all your future endeavors.

Love, Mom & Dad

Lindy Rae Fairfax

From the 1st day of school to the last...you've enriched our lives.

We love you Mom, Dad, Dave, Gina, Regan, The Grandmas, Stimpy...and Pretzel, too! My son, if you receive my words,
And treasure my commands within you,
So that you incline your ear to wisdom
And applied your heart to understandings;
Yes, if you can cry out for discernment,
And lift up your voice for
understanding,
And if you seek her as silver,

And if you seek her as silver,
And search for her as for hidden
treasures;

Then you will understand the fear of the Lord,

And find the knowledge of God. For the Lord gives wisdom;

From His mouth come knowledge and understanding;

Proverbs 2:1-6

Sarah,
Congratualations on a job well done!!
Love, Dad, Mom & Chris

#### Congratulations, Kristyn!

It seems like only yesterday when you were excited about your first day of preschool! Now you are graduating from college! We are so proud of your accomplishments and of the special young woman you have become. We admire your determination to reach

your goals. Keep striving for success and follow all of your dreams! Best wishes always!

Love, Mom, Dad and Jamie

#### Kristen Nicole Atkinson

Congratulations! All the best that life has to offer you. Seems like only yesterday was your first day of school. You are very special. Not only my daughter, but my friend. I am so proud of you!

Love, Mom

#### JESSICA LYNN SIMPSON

#### CONGRATULATIONS!

We are very proud of you and all that you have accomplished!

You have been a motivated and successful student. Now, you will be a dedicated and caring teacher. You can and will change the lives of many children.

Good luck and thanks for being such a wonderful daughter and sister.

Love, Mom, Dad, Jason, Jeffrey and Oliver Laura, Congratulations!

You have worked so hard and achieved so much. We are so proud of you, the person you are and the woman you've become.

Reach for the stars, follow your dreams and always believe in yourself.

We love you always and forever.

Love, Mom and Dad

#### **CONGRATULATIONS GURTEJ**

Wishing you good luck in all your endeavors.

Love Always, Mom, Dad and Deep

Stacey Leigh Panco
A daughter is a dream fulfilled
A treasure to hold dear
A joy to cherish through every
passing year
Through the years
Through smiles and tears
You've brought us so many memories
Made us so proud
May your future be filled with
Happiness and all your hopes and
dreams come true!
Congratulations
Love,

Mom & Dad

J O D I E G I L F E A T H E R

I often wonder what it would be like to be my sister. I was jealous of all the remarkable talents she possessed, and I was captivated by the sound of her playing the cello, and the way her eyebrows moved when she told a story. She taught me how to laugh, cry, sing, dance and love. She may never know how much I love her and appreciate her, but I'm glad she now gets to share her love with the world.

To our firstborn child
Our love and pride.
Mom & Dad

#### Cheryl Patterson

Seems like only yesterday that you were starting kindergarten. Now, you are graduating! You are very special and have accomplished so much. We are so proud of you.

Love, Mom & Dad

Heath,

We are so proud of "the man" you have become. The last four years, you have shown so much strength and determination to prove yourself not only to others, but to yourself. We love you always and hope God brings those good things you so much deserve.

Keep your goals high, cause you have always shown that you can achieve them. Remember we are always here if you need us.

> Love, Mom, Dad & Chad

#### Mary Elizabeth Regan Class of 2001

We are so proud of you! Seems like just yesterday you were a little girl playing Barbies. Now look at you - ready to meet the real world and what it has to offer. Go for it -- let nothing stand in your way!

We love you!

Mom, Anne Marie and Sean Lenox & Mikada, too!

Tara,

Time passes by too quickly... it seems like only yesterday that we looked at colleges. Now you're graduating. You are a very special young lady and you've made us proud. GOOD LUCK ALWAYS.

With all our love, Mom, Wayne & Kaitlin "Was something brushed across my mind That no one on earth will ever find?"

"And, tired of aimless circling in one place, Steer straight off after something into space."

"They would not find me changed from him they knew-

Only more sure of all I thought was true."

Excerpts of Robert Frost

"Our Love Without End, Amen!"
Mom and Dad

Holly,
From your first day
at Kindergarten
until your graduation from college
you grew to be the
sweetest, kindest,
and most lovable
person. You are
truly beautiful
inside and out and
we are all bursting
with pride.

Love, Mom, Dad and Andrea, Heather, Jeff and Samantha Tracey and Gam, (Tootsi and Jessie too!)

Congratulations

Jo'e Lynn!

Hard work and determination, Laughter and tears, You've accomplished so much These past four years.

We're so proud of the lovely, caring young woman you are.
We wish you much happinessWe love you,

Mom and Robbie

Congratulations and Best Wishes Class of 2001!

Thank you for all of the support and guidance you provided over these past four years. Without your help and motivation, we wouldn't be where we are today.

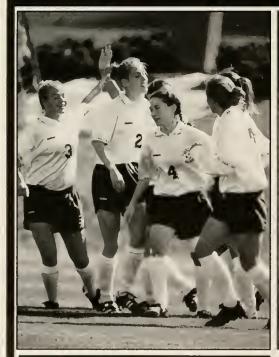

#### ELECTRICAL DESIGNATION OF THE PROPERTY OF THE

Team work is the best way to score as an Etown volleyball player sets up her teammate for the return.

The women's soccer team celebrate after a goal.

A high amount of endurance and discipline is needed in cross country running.

Onc of the highlights of the 2000-01 year in the world of Elizabethtown College sports was undoubtedly the performances of both the men's and women's basketball teams. Both teams are perennial playoff participants, and the women's team holds the record for most wins of any program at any collegiate level in the country as well as two national championships. Both teams had banner seasons again in 2000-01. The men tied a school mark that was set more than 35 years ago with 20 wins during the course of the season, while appearing in the MAC Commonwealth Championship game, after being picked to finish near the bottom of the pack in the Commonwealth by opposing coaches prior to the start of the season. Great things, as usual, were expected of the women's team, and despite a midseason slump, they did not disappoint. They defeated arch rival Messiah in the Commonwealth Championship game on their way to an appearance in the NCAA tournament's "Sweet Sixteen." Another highlight from the Blue Jay sports world in 2000-01 was head field hockey and basketball coach Yvonne Kauffman's 1000th career coaching victory between the two sports, achieving the milestone while coaching the field hockey team to victory. The dominance of swimmer Casey Moore during his freshman campaign certainly gives the College's swimming program something to look forward to over the next three seasons. Moore set three MAC records at the end of the season meet, and finished off his first season as a Blue Jay by competing the NCAA Championship meet.

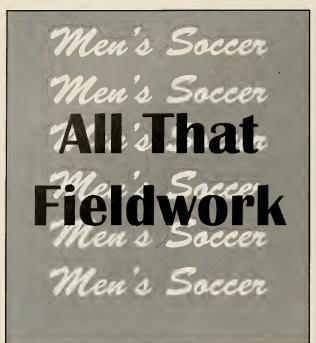

If the key to sustaining success in athletics is to reload, not rebuild, then Elizabethtown College will be successful for many years to come in its athletic endeavors. Many freshman played significant roles on their respective teams during the course of this past season. Thus, the future looks bright for competitive Blue Jay teams for years to come.

—Eric Stark

Senior tennis player Kathryn Green returns a volley across the net to score against her opponent.

Sports

As is customary around these parts, the expectation of the Blue Jay men's soccer team were high at the beginning of the 2000 season. And with two exceptions, the team lived up to those expectations. Thing is, though, that those two exceptions happened in the two biggest games of the season and both came at the hands of a familiar nemesis: The Falcons of Messiah College. The team opened the regular season as the sixthranked team in the country, and with all-region performers Wyeth Raws and Bryan Hoy back for their senior campaigns, the team was focused on the goals of winning the MAC and advancing deep into the NCAA tourney. The Jays started the season by retaining the Bronze Boot with a dominant 3-0 victory over cross-country rival Franklin and Marshall and followed that up with a championship in the Blue Jay Classic before dropping their first game of the season, 1-0 to Drew. This setback proved only to refocus the team, as they then reeled off 11 straight wins, highlighted by a come-from-behind 4-3 overtime win over Lebanon Valley in their second league game of the season. The stage was thus set for the biggest game of the season to date: a home clash with the aforementioned nemesis. The Jays brought a 14-1 record and a number six ranking into the game, along with a hunger for victory after the heartbreaking 3-0 loss in last year's NCAA tournament to that same nemesis.

So, into Elizabethtown came the Falcons, and out they went with another hard fought win over the Jays. The game was scoreless for 94-plus minutes until the Falcons scored in the fifth minute of overtime, sending Messiah to a heart-pounding 1-0 win and a home-field advantage throughout the MAC play-offs, an advantage that would be immensely important just a week later. In the first round of the playoffs, the Blue Jays rallied from an early 1-0 deficit for an exciting 5-2 win over Moravian. Messiah kept up their end of the bargain as well, defeating Lebanon Valley in the playoffs, and setting up Falcons-Blue Jays II, this time in Grantham, and this time with a whole lot more at stake than a week earlier. Not only was the MAC championship at stake, but a trip to the NCAAs was on the line as well. Though the setting was different and the Blue Jays came in even hungrier than a week before, the results were the same. The Jays fell behind 2-0, rallied and cut the lead to 2-1, but could get no closer and fell to the same score. The Jays 2000 season ended in much the same way the 1999 season did-with a heartbreaking loss to The Nemesis. Despite the disappointing end to the season, many Blue Jays received individual accolades worth noting. Seniors Matt Gwilliam, Bryan Hoy, Wyeth Raws, Brett Conover, and Tim Oswald were selected all-conference first team, while senior Chaz Vennie and sophomore Brett Confer were named for the second team. Additionally, Hoy was named a third team All-American and Middle Atlantic region first team All-American, while Raws was also named first team all-region.

The women's soccer team has been a model of consistency in the seven years since Barry Dohner took over as head coach. He had compiled an 89-34-9 record coming into the 2000 season, and his team had participated in the NCAA tournament for three straight seasons. The Lady Jays would find out right from the outset what they were made in of the seaon-opening Blue Jay Classie. Ira R. Herr field welcomed the likes of Keene State College, William Smith College and The College of New Jersey (TCNJ) on the first weekend of September. Of the four teams that took the field, only Keene as not a participant in last year's NCAA tournament. The Lady Jays met Keene in their first game, getting key contributions from the veteran leaders Andrea Thompson and Dana Jingoli en route to a 3-0 shutout of the Owls. The tournaments' second day as not as kind to the Lady Jays, as they fell to William Smith, 2-1. But not only did the Jays come away with a second place finish in an extremely challenging tournament, they gained the invaluable experience of playing teams of a high ealiber so early in the season. The Jays then took to the road and suffered a tough 4-3 overcome loss to the Diplomats of Franklin and Marshal, dropping their record to 1-2. The team's tough early season schedule continued with a trip to Rowan, another NCAA tournament qualifier from 1999. The Jays and Profs battled to a scoreless tie until Jingoli came up big again with her second goal of the season and Etown held on for a 1-0 win. Up next was a home match-up of TCNJ, the nations top ranked team. This was the Lions' second trip to Ira R. Herr field in less than two weeks and after a 6-0 domination of the Jays, it was clear they were quite comfortable in what could be considered their second home. The team traveled to Massachusetts

for the Wellesley Invitational, where they split games against tenth-ranked Western Connecticut State (a 1-0 defeat) and host Wellesley (a 2-1 win). The team then hosted a tough Gettysburg team and fell by a 3-2 count. After a grueling two week period, the Jays' record stood at 3-5, with a challenging MAC Commonwealth schedule on the horizon. The Jays started their MAC schedule strongly, with a win over Moravian (3-2) and a 10-1 pounding of Albright to even their record at 5-5 overall and improve to 2-0 in the MAC. The following week, the team tied Drew and bested both Susquehanna and Division II West Chester to improve their record to 7-5-1. The Lady Jays won their next four games as well, highlighted by Dohner's 100th career win at the helm in a 4-1 win over Lebanon Valley. Going into their biggest game of the season, a trip to Messiah, the team stood at 11-15-1 and 6-0 in the Commonwealth and as winners of six straight. The Falcons came in as the nations 11th ranked team at 13-1, having shut out each of their first five Commonwealth opponents. The Jays did get on the board in this game, but it still wasn't enough as Messiah came out on top 2-1, exactly five years to the day that the Jays last lost a league game. By virtue of a few tie breakers and an unexpected Messiah loss, the Jays managed to win the MAC Commonwealth with a 6-1 league record, and would have homefield advantage throughout the playoffs. They also earned themselves another crack at Messiah by defeating Lebanon Valley in the first round of the league playoffs.

Unfortunately for the Jays, Messiah's defense proved too much to handle, as it had for so many other league opponents, and the team lost 2-0 to their arch rivals, thereby ending their post season aspirations and forcing them to be satisfied with a solid 13-7-1 overall record. Though there were no post season games for the team to participate in, individual accolades fell like rain on the Lady Jays as six women were named to the All-Conference team. Jingoli was named Co-MVP of the conference and earned a spot on the All-region team, along with Thompson.

In their eight wins during the 1999 campaign, the Blue Jay field hockey team outscored their opponents by a 24-4 margin. What contributed, then, to the team's sub .500 record was its inability to pull out close games. With the loss of only three seniors to graduation and a wealth of experience returning in 2000, they came into the season expecting big things. One of the key players returning was senior midfielder Mandi Ewing, who was a MAC Commonwealth First Team All-Star as a junior. The team traveled to Vermont for the first weekend of the season. In it's first game, the Jays got shutout goaltending from junior Kate VanValkenburgh en route to a 1-0 win over host SUNY-Oswego. The next two games on the Jays' slate would be Commonwealth battles with Susquehanna and Messiah. These two games were both overtime thrillers and both ended in identical 2-1 scores. However, the outcomes were strikingly different. At Susquehanna, the Jays fell to the Crusaders in a game in which their endurance for overtime was put to the test. The Jays responded, however, with a 2-1 victory over rival Messiah three days later, which coincided with the christening of the new Sofsport artificial turf. The Blue Jay winning streak would reach

four games the following week with three wins over Bridgewater, Franklin and Marshall and Western Maryland. Two of those three wins were of the shutout variety, once again courtesy of VanValkenburgh's strong play in the net. So, after a 5-1 start, the team received national recognition as well, ranking 20th in Division III. After a 3-1 victory over visiting Scranton, the Jays would face their biggest challenge yet: a date with top ranked Lebanon Valley College. The Jays would score early but not often enough in this game, falling to the Dutchwomen, 4-1. The Jays followed this tough defeat with wins over Widener, Goucher, Villa Julie and Moravian to improve their overall mark to 9-2, already eclipsing 1999's win total after only 1 game in 2000. The highlight of the season would have to be head coach Yvonne Kauffman's 1000th career coaching victory: a 3-0 shutout win over York. The Jays concluded the 2000 regular season campaign with a 15-4 record overall and a 5-2 mark in the Commenwealth, good for second place behind rival Messiah, who would be the Jays' first league playoff opponent. The Jays won the first battle, but with a 3-2 victory in the MAC semifinals, the Falcons laid claim over the war. The Jays finished the regular season as the 12th ranked team in the nation in Division III with a 15-5 overall mark. With a solid core group of players returning next season, it is likely that this playoff loss will leave a bitter taste in the mouths of many, providing further motivation for the 2001 cam--Eric Stark

For a team that had eight position players and six pitchers back from last year's MAC ehampion and NCAA qualifying team, a 19-19 final record seems disappointing on the surface. However, while numbers do not lie, they do not always tell the whole story, either. After the first few weeks of April, it would have been difficult to find someone who believed that the Blue Jay baseball team would even have an opportunity to defend their MAC title, much less repeat as champions and again qualify for the NCAA regional tournament. However, repeat and qualify were exactly what the head coach Matt Jones' bunch did in 2001. The team began the season in traditional fashion—with a trip to warm and sunny Florida over spring break to take on wide array of competition from all over the eountry. The Jays managed a 4-3 record in Florida, highlighted by three pitching victories from junior Erie Lau. The Keystone state was not as kind to the Blue Jays, however, as they lost four out of their first five back home, including a losses to West Chester, Franklin and Marshall, and Johns Hopkins, and a doubleheader split with Susquehanna. The Jays bounced back quickly, though, sweeping Moravian and hammering Gwynned Mercy, 7-1, giving the team a 9-7 overall mark and a 3-1 record in the Commonwealth. Next up was a tough stretch of games, including a twin bill with the Commonwealth front-runners, Lebanon Valley, a game against Division II Kutztown, and a battle with highly regarded College of New Jersey. The team dropped all four games,

seoring a total of just 10 runs in the process, beginning a span of eight losses in 10 games, leaving the team at 11-15 overall and 5-5 in the Commonwealth. More importantly, the team's collective backs were against the proverbial wall. Fast finishes are not unfamiliar to this experienced group, however, and another one was in the eards this season. After a doubleheader split with Messiah, highlighted by superb pitching from both teams, and a win over Delaware Valley, the team entered the final weekend of the regular season needing to sweep Widener to guarantee it a spot in the Commonwealth Conference playoffs, along with the aforementioned opportunity to defend its 2000 championship. In what were undoubtedly the two most thrilling victories of the

season for the Jays, the team eame through, winning each game in extra frames—the first by a 4-3 count in 11 innings, and the second by a 7-6 score in nine innings. The Jays faced early threerun deficits in each game before rallying for the wins and elinehing a spot in the playoffs, which began five days later against Juniata. The Jays whitewashed the Eagles, 9-0, and advanced to the second round of the double elimination tourney. where they would face rival Messiah. The Jays, beneficiaries of five Faleon errors, won another well-pitched game, 3-2 to advance to the Commonwealth title game as the tournament's only undefeated team. In the championship game, the Jays would face Messiah again, this time coming away with a 6-4 victory and their second straight Commonwealth Conference championship, as well as an automatic bid to the NCAA regional tournament. In the opener of the regional tournament the Jays were done in by top-seeded Montclair State, 9-3, and were to faee Western New England a day later, needing a win to stay alive in the double elimination tournament. The Jays put the game away early, seoring seven runs in the first inning to win going away, 11-4 and setting up a meeting with Gwynned Mercy. It was here that the Jays storybook final month of the season would come to a close, as they fell by a 3-2 score. Though they did not advance past the regional round of the NCAA tournament, the Jays certainly effectively erased from memory a difficult middle part of the regular season with another stellar late April and May. With a strong nucleus again returning next season, the likelihood of a foray deeper into May will certainly be on the minds of the Blue Jays as they begin their off season workouts. -- Eric Stark

Gwynedd-Mercy

2-3

The question, for a team that returned seven seniors while at the same time welcoming eight freshmen, was: Will senior leadership carry the freshmen to new heights or will the youth movement cause growing pains? Unfortunately for the Blue Jay softball squad, that answer was more along the lines of the latter more so than the former. The team was looking to seniors Kristy Nowell, Michelle Casserly, Kristic Kulesa, and Angela Moyer for leadership, while expecting solid contributions from junior Jess Robinson and newcomers Emily Morris and Pam Pike. The team began the season with a spring break trip to Hawaii for a weekend full of games with tough competition. Despite a solid pitching display from Nowell, the team only managed one run in four games, losing all four by a combined score of 38-1. Back on the mainland, the team's struggles continued, as they lost four of their first six. The story in the four losses was similar to that of the bug that plagued the team in Hawaii, as they were unable to muster much offense. The team bounced back, though, with a doubleheader sweep of Widener. Both games were one-run affairs, as the Jays leaned on strong pitching performances from Nowell, freshman Vicki Andrel, and Moyer, as well as some timely hitting

to get there Commonwealth conference season off to a 2-0 start. This sweep began a string in which the Jays would win five out of six games, including a doubleheader sweep of Lycoming, improving their conference mark to 3-1. However, other than in doubleheader sweeps of Juniata and Dickinson to close out the season, offensive woes continued to do in the Jays. Over their next four games, all losses, the team managed just eight runs, five of those coming in a 7-5 setback against Albright. Nonetheless, despite the offensive struggles, the aforementioned sweep over Juniata put the Jays at 5-3 in the conference and in contention for a playoff spot. Next up for the Jays were doubleheaders against Messiah, Moravian, and Lebanon Valley; three of the teams the Jays were hoping to fend off in the playoff chase, six games that would ultimately determine the fate of the 2001 edition of the Jays softball squad. Unfortunately for the team, the offensive struggles continued, as they lost all six games, scoring a grand total of seven runs, at the same time dashing their playoff hopes, and falling to 5-9 in the Commonwealth. Two non-conference games against Dickinson closed out the season for the team, as they swept both games. In Game Two, the Jays finally found the offense that had been so clusive the rest of the season, pounding out 10 runs, and concluding their season on a high note with an overall

mark of 11-19. Next year will be interesting for the Jays if nothing else, as Casserly, Nowell, and company will be gone. The team will have to lean on the experience that this year's struggles gave it and hope that once again the Blue Jay softball squad can take to the offensive as they did in their final outing of 2001.

Slow but steady. That has been the motto for Head Coach George Zink and the rest of the women's tennis team in regards to their improvement over the past three seasons. In 1998, the team struggled to a 1-11 overall record. In 1999, the team scratched out a two-win improvement and ended their season at 3-10. This season, the team looked to continue their improving ways and contend for the MAC title. The team only lost one senior from last year's team and remained a young group again this year, led by senior Jen Smith and sophomores Whitney Bull and Erin Thompson. The team opened the season with a 7-2 thrashing of Allentown, with Bull and Thompson leading the way in both singles and doubles play. The team then lost a tough 5-4 decision at the hands of Juniata. After splitting the singles matches, the Eagles took two of the three doubles matches to elinch the win. Scranton, the defending league champion, was up next for the Jays and proved to be too tough, coming away with a 7-2 victory. The Jays followed up this defeat with a strong performance at home against Widener, winning 9-0 for the first Blue Jay shutout in 5 years. The team next took on Franklin and Marshall, the four-time defending Centennial Conference champions. The Diplomats lived up to their advanced billing, coming away with an 8-1 domination of the Lady Jays. Moravian was the next team to visit Elizabethtown, also coming out with a win, this time by a 7-2 count. So after half the season was

complete, the team had compiled a 2-4 overall record. The weather was likely a contributing factor in the team's slow start, as many matches were postponed due to rain, causing rust to form on the arms and legs of many team members. The team would face one of its most important matches of the season when they traveled to Susquehanna. The Blue Jays proved up to the task, coming away with an impressive road win to even their league record at 2-2. Later the same week, the undefeated Lycoming Warriors came to town and hung an 8-1 decision on the Jays. Bull and Smith notched the lone Blue Jay win of the day in doubles play. Drew was next on the schedule for the team, and once again the Jays came up with an important win, 5-3, and their record climbed to 4-5 on the season. The Jays were thus staring at the final three matches of the season with their minds set on at least attaining a .500 record for the season. To do so, the team would have to win two of those three. After a tough loss to eventual Commonwealth champion Messiah, the Jays finished their regular season in convincing fashion, thrashing Lebanon Valley and Albright by identical 8-1 count to close out at 6-6 overall and 4-3 in the Commonwealth League, good for fourth place. Two Blue Jay singles players and two doubles teams advanced to the MAC tournament. In doubles action, both the teams of juniors Melissa Muller and Sasha Fureman, and Smith and sophomore Casey Kieffer lost in their first matches of the tournament. Thompson would advance to the second round where she fell in straight sets. Bull, however, wasn't done after two rounds. She would eventually advance to the tournament's semifinals, a fantastic accomplishment for a sophomore. So if the slow but steady theory holds, at this time next year, the Blue Jays may be talking about a Commonwealth League championship. With only Smith being lost to graduation this year, the horses will certainly be in place for a run at the Commonwealth. -- Eric Stark

Sophomore Whitney Bull volleys with her opponent in an attempt to win the point.

Messiah 1-8

Lebanon Valley 8-1

Albright 8-1

Jonathan Flood's first Blue Jay tennis team posted an impressive 9-3 record. Much of the same was expected from the 2001 edition, as the team sported a solid mix of veterans and newcomers. Juniors Bill Miller and Brian Holton each posted winning records in singles play in 2000, while the team welcomed into the mix senior Gurt Singh, along with fresh faces Sude Dhillon, a sophomore, and freshmen William Huishes and Matt Lawless. Due to the inclement weather that is customary to the middle of March, the team did not play their first match until five days after they were scheduled to. And that first match proved to be just as cold as the winter winds to the Jays as they fell to Muhlenberg by a 6-0 count. After losing their first Commonwealth match of the year to Moravian, the Jays bounced back in style, gaining their first victory in shutout fashion over Eastern, 6-0. Miller, Dhillon, Holton, Lawless, and sophomore Andy Borzok, who was making his collegiate debut, all won in singles play for the Blue Jays, while the team also went 3-0 in its doubles matches. Next up was a tough match against the Flying Dutchmen of Lebanon Valley, where the Jays fell to 0-2 in the conference, losing 5-2. Two days later, though, the team battled back for their second shutout

victory of the season, 7-0 over Widener, while winning their first conference match in the process. This was the beginning of a string of matches to conclude the season in which the Blue Jays won five of seven, including another shutout win, 7-0 over Wilkes. After falling at Dickinson 5-2 on April 9, the team had eight days to prepare for a grueling stretch in which they played three matches in three days. First up was conference rival Messiah. The Jays came out on top by a 5-2 score, as Singh, Lawless, and Holton led the way with singles victories. The next day the team finished off a postponed match with Albright, falling 4-3, as the Lions swept the home team in doubles play to earn the decisive point. The team then traveled to Susquehanna the following afternoon, looking to even their overall and conference records and give themselves a chance at a fourth consecutive winning season. The Jays came through, winning, 5-2, as Miller, Dhillon, Huiskes, Lawless, and Singh won their singles matches and the Jays finished the Commonwealth regular season with a 3-3 mark. So, the stage was set for a match against Western Maryland to close out the season. The Jays needed a win to stay above .500 for the season, and a win they got, 4-0. Miller, Huiskes, Lawless, and Singh were victorious, as they team concluded its regular season with a 6-5 overall mark, the first time since 1983 that the team completed four straight winning seasons. The postseason MAC individual championships were a bit of a disappointment, however, as no player or duo won more than one match. Despite the frustrating conclusion, the team is certainly looking forward to a bright 2002, Flood's third season at the helm. Singh was the only senior

on the roster this year, which combined with the fact that many underclassmen gained valuable experience, means the Jays will look to dominate the Commonwealth next year.

Western Maryland 4-0

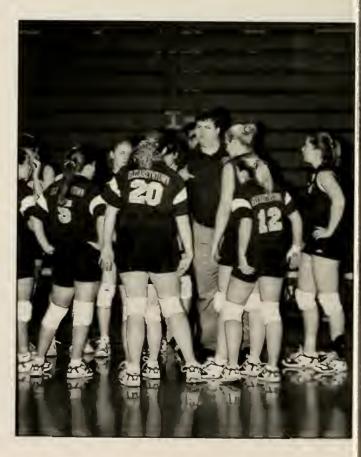

Progress in sports is often measured in simple terms: wins and losses. That said, it is clear then that the Blue Jays womens' volleyball team achieved a good deal of progress during the 2000 season. A year ago, the team struggled to obtain a 4-27 record. However, the 2000 edition of the Jays featured more athleticism, quickness, and size that it had in previous years, which allowed the squad to stay in playoff contention until the final week of the regular season. Though a young group, the jays were held together by a nucleus of veterans, namely senior Gab Clarke, an all conference performer a year ago, junior Kelly Montgomery, and sophomores Dawn Johns and Tess Romiti. Freshman sensation Emily Morris was a pleasant surprise for the Jays, as she wound up being an All-Conference selection at season's end. The team split two matches in each of its tri-meets to open the season and with losses to Franklin & Marshall and Moravian, got off to a 2-4 overall start. There were signs of improvement early in the season as the team looked to pull all of the pieces together and prepare for the conference schedule. Up next for the team was a tournament at the University of Scranton, where they had an impressive showing with a second place finish, losing only to

Division I New York University. Following the weekend tournament, the Jays split matches with Western Maryland and Widener, winning the latter, and thereby moving its overall record to 4-7. The team continued its up-and-down play over the next few weeks, managing to win three of five and running its record to 7-9 for the season. This stretch of matches was highlighted by a come-from-behind win over Susquehanna, a team the Blue Jays had lost to just four days earlier. The team traveled to sunny Southern California for a once-in-a-lifetime fall break trip and came back with one win and two losses. In its first game back on the East Coast, the team defeated Albright 3-0, and its season mark

stood at 11-13 as the Jays still harbored dreams of a postseason appearance. After losing to Goldey-Beacom on the road, the Jays took on Lebanon Valley in a do-or-die contest. The Jays could get into the playoffs with a win; a loss would mathematically eliminate them from contention. LVC proved to be too tough for the Jays on this night, winning 3-1, and the Jays found themselves out of the post season picture as their record fell to 11-15. The Jays then closed out their season by struggling to a 1-4 mark in their own Halloween Classic tournament as a promising season came to a close with a 12-19 record. With experience comes consistency, though, and the Jays will have plenty of experience as they return next season focused on putting a halt to the inconsistent play that ulitimately kept them from the postseason this year.

While the 2000-01 edition of the Blue Jay men's basketball team tied a program record with 20 wins (matching the 20 wins achieved in 1963-64) and finished a surprising second in the MAC Commonwealth, the team couldn't help but feel a bit empty as it headed into the off season. After weeks of being "on the bubble" with respect to their chances for an NCAA tournament berth, the team had that bubble burst after losing a hard-fought Commonwealth championship game to rival Widener. Despite a disappointing end to the season, however, there are eertainly plenty of highlights to look back upon with fondness. After being picked to finish near the bottom of the pack by Commonwealth eoaches prior to the start of the season (fifth to be exact), the Jays began the campaign by advancing past PSU-Behrend and into the Sponaugle Tournament championship, where they fell to perennial power and tournament host Franklin and Marshall. However, the team rebounded strong, winning five of its next six and heading into winter break with a 6-2 overall mark. After the break, the Blue Jays began one of the finest runs that this program has ever seen. That run came largely on the strength of a trend that would continue throughout the rest of the season: having a different player step up with a clutch performance each game. A visit from Franklin and Marshall and an opportunity to avenge the Sponaugle defeat greeted the Jays on their return from the holidays. A packed house at Thompson Gym that night witnessed a fine perfor-

mance by the hosts, in what undoubtedly will be a highlight remembered by many fans and players for years to come. The Jays handled the previously 16<sup>th</sup>-ranked Diplomats, winning by a final count of 71-63, a victory that catapulted the team into the national rankings themselves, at number 24. The Jays proved that they could win in a hostile environment a week later when they traveled

to Annville to take on Lebanon Valley in a key Commonwealth tilt. The Jays, getting clutch scoring from sophomore Jon English, posted a 67-63 victory, in the process moving to 14-3 overall and 6-2 in the Commonwealth. The Jays had another opportunity to seek revenge for an early season loss when Messiah eame to Thompson in late January. Led by a eareer-high 30 points from English, the Jays won going away, 95-81. In what was unquestionably one of the biggest games the Blue Jays have hosted over recent years, the Jays delivered with a remarkable performance, beating league-leading Widener, 81-71, and improving to 8-3 in the Commonwealth and 17-4 overall. In what eventually proved to be an extremely costly loss, the Jays then lost to Commonwealth cellar-dweller Moravian, 81-78. The Jays had already clinched up a Commonwealth playoff spot by that time, though, and when the first round rolled around, the Jays had forgotten about that loss and were focused on their preseason goal of winning the Commonwealth and advancing to the NCAA tournament. Albright eame to town, and took a five-point lead at halftime. But the Jays would rally behind a dominating performance from senior Ross Unruh, and the team eventually moved on to the championship game with an 83-74 win. In the championship, the Jays would face a familiar foe in regular-season Commonwealth champ Widener. The Jays fought the good fight in the game, but it was not enough, and Widener came away with not only the win, but also the Commonwealth championship and an automatic bid to the NCAA tournament. The Jays were forced to wait and have their fate decided by a committee of basketball "experts," who opted to leave the Jays out of the "big dance." If there is one good thing to come out of this loss and the disappointment that followed, the Jays will certainly have the bitter taste in their mouths when the 2001-02 campaign gets underway. And with an arsenal of weapons back, that NCAA tournament dream may -- Eric Stark finally become a reality.

Bob Parambo and Brian Marquette follow the action and are prepared to make a play on defense.

74-81

The trick, as they say, is to be peaking at the right time, which is exactly what Yvonne Kauffman's Blue Jays did this season. After spending the first 20 or so games trying to find a chemistry and a way to utilize their abundance of talent in the most efficient way, the Jays came together down the stretch run, winning the MAC Commonwealth Championship, and advancing to the round of 16 in the NCAA tournament. For a while though, it appeared as if the Jays would be another one of those teams that can never quite get all of its talent on the same page, and an NCAA berth seemed unlikely for most the of the second half of the season. The Jays were paced all season long by senior co-captains Abbie Fabian and Carmen Chiles. Also back for the Jays was sophomore Whitney Bull, along with juniors Jamie Porter and Stephanie Scinto, each of whom played big roles in 1999-2000. The team opened with the Marymount University Tip-Off tournament, beating Salisbury State 62-59, and falling to a tough Wisconsin Eau-Claire team, 51-48. The team then won its next three, including a 88-29 thrashing of Albright, before falling to rival Messiah, 61-59. The team then responded with nine straight victories, highlighted by Carmen Chiles reaching the 1,000 point milestone for her career. Chiles is the 21st Blue Jay to reach the 1,000 point plateau. Following the Jays' nine game winning streak,

the team then began to struggle, losing again to Messiah, this time by 63-51, and then again to Scranton 77-71. After a victory over Widener, the Jays lost again, this time on the road against Susquehanna, 57-45, dropping their overall mark to 14-5, 9-3 in the Commonwealth. The Jays then got back on track with victories over York and Moravian. Still, their NCAA prospects seemed dim, as they trailed Messiah (who they had lost to twice) in the Commonwealth standings. The team knew that it couldn't afford another loss, which included the Conference playoffs, where they knew that Messiah would likely stand in their way yet again. The team finished out the regular season with a victory over Juniata, and Susquehanna, the same team that beat the Jays just a week and a half earlier, came to town in the first round of the Commonwealth playoffs. The Jays avenged the loss and advanced to the Commonwealth Championship game to face...gasp...Messiah. This time though, the script would be different. The Jays were determined not to let their arch rivals deny them a spot in the "Big Dance," and avenged two regular season losses in style, with a 72-59 victory on Messiah's home floor. For their efforts, the Blue Jays received a first round bye in the tournament and hosted a second round game against Swarthmore, a team that was well known for its defensive prowess. However, on the first Saturday in March, it was the Jays who came in like lions. defeating Swarthmore 79-58 to advance to the "Sweet Sixteen." The Jays would face a fearsome opponent in the third round of the NCAA tournament and would bow to The College of New Jersey, 68-45. So, the storybook season came to an end without a national championship, but if this team would have been asked in early February if they thought they had a chance to attain an NCAA tournament berth, the answer would have likely been no. The play of Chiles and Fabian were certainly highlights in their own right throughout the season. But they have dominated their last game for the Blue Jays, which means that the program will turn to a talented group of underclassmen, many of whom played significant roles this season. If next year's team finds a way to gel just as this one did, we may just be talking about that national championship in this column at this time next year. --Erie Stark

Freshman Cherissa McCoy is introduced to the crowd.

After a year in which the men's cross country team dominated the MAC from top to bottom, only one question remained: What would they do for an encore? The team lost three all-conference performers to graduation in Larry Bullock, Christian Hoch, and Frank Rivera. Though these losses would hurt, the team felt confident in its ability to defend its championship, returning senior Jeff Harmon, sophomores Mike Zwatty, Dave Berdan, and Dustin Scott, all of which were on the all-conference team a year ago as well. Add to the mix Wake Forest recruit and Division I prospect Kevin Roe, and the Jays were clear-cut preseason favorites to win the MAC again. The women, coming off a sixth place finish in the MAC, returned several key runners as well. Sophomores Maggie Martin and Jenna Nugent, along with senior Melissa Gudleski, would anchor a team which harbored dreams of winning the MAC as well. The teams had opposite results in the first meet of the season, the Capital City Classic. The men's team dominated the field, which consisted of a highly regarded Dickinson team, en route to a first place finish. The women were not as successful, however, as they struggles to a last place finish. Dickinson got back at the men's team the following week, edging out the Jays at the Lebanon Valley Invitational, forcing Etown to settle for second out of 19 teams. The women improved over their first meet, surpassing 13 of the 21

competing teams. The men continued to turn heads the following week by winning their own Battle for the Buggy race against cross-country rivals Millersville (ranked 24th nationally at the time) and Franklin and Marshall. In one of the most challenging races of the season, the men came up strong once again. They traveled to the Big Apple to compete in the New York University Invitational, along with 35 other teams from around the country. The team finished in fourth place here, an impressive showing considering that Harmon had to withdrawal from the race with a separated shoulder. The women finished in 21st out of 37 teams in the race, with Martin leading the way for the Lady Jays. Allentown College was the site of this year's MAC championship meet, where the men would have their chance to win their second straight championship. Berdan led a spirited Blue Jay effort by finishing second overall out of 115 runners, and the Jays accomplished the goal that they had set at the beginning of the season, finishing first out of 11 teams, thereby successfully defending their 1999 title. The women were a bit of a disappointment with their ninth place out of 13 teams, but both teams continued to focus on the Mideast regional meet, which would be held the following weekend. At those regionals, the men finished third out of 34 teams and ended their season in a very satisfying fashion. Berdan, Scott, and Roe each earned all-region honors and Berdan, by virtue of his sixth place individual finish, advanced to the NCAA national championships in Spokane, Washington, where he would finish 92nd out of 215 runners. The individual accomplishments didn't end there for the men's team as Roe was named MAC Freshman of the Year and Coach Chris Straub was MAC Coach of the Year. The women didn't fare as well as their male teammates at the Mideast regionals, finishing 25th out of 36 teams. Martin led the way by finishing 108th out of the 237 runners at the meet. All in all, it was another fine season for the cross country program at Elizabethtown. The men lived up to their lofty preseason expectations and then some, while the women showed some promise for the future. It is likely that the men will start with the same question next year that they did this year.

What will they do for an encore? --Eric Stark

The 2000-01 swimming campaign will be remembered for a long time around these parts. And a big reason that it will be remembered for a long time is the emergence of diaper-dandy, freshman Casey Moore. Moore dominated the MAC throughout the regular season, in addition to setting several marks in the MAC championship at the close of the season. Both the men's and women's teams were looking to bounce back from rough 1999-00 eampaigns, and each team had a significant number of the pieces in place to do just that. The swimming team started the season with a split in it's first dual meet, the women winning, while the men lost. Senior Brooke Knepper and junior Paul Contino were key contributors for the team, as both brought home gold medals in three events. Dickinson came to town next, and both the women's and men's team were defeated by the Red Devils, as the women fell to 1-1 and the men dropped to 0-2 on the young season. The women won one out of their next three, which included a tough loss to Division II Millersville, while the men lost their next two meets, and fell to 0-4 for the season. For the women, Knepper and fellow-senior Lindsay Texter both continued their strong individual performances, while Contino and senior Jon Fortin were swimming well for the men. Moore made his debut in early December, albeit in a losing effort versus Western Maryland,

but the freshman did manage to bring home two first place finishes for the Blue Jays. The women lost their next two meets also, so with one meet left before Winter break, the women stood at 2-5 overall and the men remained winless at 0-5. Both teams defeated Lebanon Valley on Dec. 9, before each lost their next three. The team got back on the winning track on Jan. 23, as Moore and Texter paced their respective teams to victory. The women improved to 4-8 overall and the men climbed to 2-8. Their winning ways continued as the team swept Susquehanna. Moore, Fortin, Contino and freshman Scott English

were the driving forces behind the men's victory, while Knepper, Texter, junior Sarah Bradley, sophomore Stacey Benton, and freshman Christina Blaha led the way for the women. After both teams finished the regular season with losses to Scranton and Widener, it was onto the MAC Championships for the teams. The MACs were a perfect opportunity for individual performances to shine in spite of disappointing regular seasons for the teams. Moore certainly took the opportunity, along with the big stage and seized the moment. He brought three gold medals and one silver back to Elizabethtown with him, in the process breaking three MAC records. Contino also brought a gold home and was part of a silver medal-winning 800 yard freestyle relay team alongside junior Michael Hyde, sophomore Eric Bicocchi, and Moore. The 400 yard freestyle relay team of Moore, Hyde, Contino, and English secured a bronze, in the process helping the Blue Jays to a fifth place overall finish. On the women's side of the pool, Blaha and Knepper brought home a fourth and fifth place finish respectively, as the women finished in sixth place as a team. Moore's storybook frosh campaign wasn't done at the MACs either. After winning the David B. Eavenson award for the outstanding swimmer of the MAC Championships, he went onto swim at the NCAA Championships, where he put together a solid performance again. With key contributions coming from underelassmen this season on both the men's and women's teams, the future looks bright. And with Casey Moore set to dazzle the MAC for the next three years, there is much reason to be optimistic about the Blue Jay -- Eric Stark swimming program.

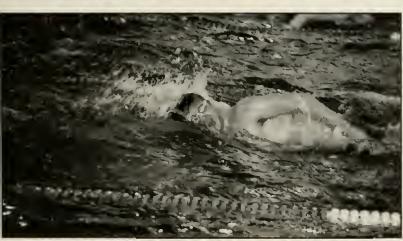

Senior Lindsay Textar takes some time to get focused before her race.

Row 1: Jodie Bachman, Christina Blaha, Amanda Querry, Alison Ressler, Stacey Benton, Saori Higuarshi, Yetty Yennawati, Catherine Schadler, Jillian Garcia, Stacey Wilczynski. Row 2: Joanna Hyde, Cristen Cumor, Jennifer Reeve, Rachel Singer, Sarah Bradley, Emily Hahn, Kaitlyn Ellis, Tara Sadak, Laura Barnes, Kathryn Thomas, Lindsay Textar, Brooke Knepper. Row 3: Matt Osterlich, Joseph Rupp, Jon Fortin, Eric Bicocchi, Paul Contino, Casey Moore, Jason Pino, Michael Hyde.

Junior Paul Contino comes up for air as he strives for a gold medal.

Freshman Casey Moore is well on his way to another first place finish.

Success has certainly not been foreign to the Blue Jay wrestling team during Steve Capoferri's reign as head coach. In 1999-00, the team posted a 12-6-1 overall dual meet mark, while Capoferri had compiled a 70-39-1 mark coming into 2000-01. And the team lost only one senior, Eric Dusko from last year's group, meaning that there was much promise coming into the new campaign this year. In all, the Jays returned six seniors, including Jason Aurand, Dan Bechtold, Art Mattes (an NCAA Division III Championships qualifier a year ago), Bill Van Winkle and Josh Boyer. Also back was junior Eric Snavely. In the first tournament of the season, the Messiah Invitational, three Jays brought home three first place trophies, including junior Sam Lannigan, Boyer, and Mattes. The Jays then traveled to Ithaca, NY to compete in the Ithaca Tournament, where they would finish 9th out of 17 teams overall, while Boyer and Mattes each brought home second place finishes. The first dual meet of the season, against Gettysburg, was next for the team, which turned out to be a heartbreaking 24-23 home defeat. The Jays followed up this tough defeat with a difficult triangular meet test against both York and Wilkes. The Jays lost both matches, 30-14 to a powerful Wilkes team and then 24-19 to York. In their next match, the Jays' fortunes did not improve as they fell 27-14 to

visiting Scranton, in the process falling to 0-4 for the season. The Jays did have a reversal of sorts in their next challenge, the Scranton Invitational, where they finished in third place, a finish that was highlighted by first place performances from both Van Winkle and freshman Brian Alwine. In assessing the team's slow start it is important to recognize that the Jays forfeited both the 141 and 184 weight classes, meaning also that they forfeited 12 points each match. The tough-going continued after Winter break as well, as the team lost its first dual meet of the second semester, 30-18 to rival Messiah, meaning that their overall record fell to 1-9. Following this loss, the team also learned that Capoferri would be stepping down after the season and would be replaced at the top by Tony Griffin, one of his current assistants. In their next match, though the Jays responded well, and defeated Albright, to earn their second win of the season. Next up was another triangular match, where the split, defeating New York University and being drilled by a tough King's team, 39-10. The Jays closed out the regular season by losing two out of their last three matches, and finished the season with an overall mark of 4-12. However, despite the team's struggles, one bright spot certainly has to be the performance of Van Winkle. He ascended to the ranks of the great wrestlers that have come through the Blue Jay system, reaching the century mark in career victories. His teammate and fellow senior Mattes would also reach the 100-win plateau, doing so by virtue of a second place finish at the MAC championships. Van Winkle and Mattes were the fifth and sixth wrestlers respectively to ever accomplish the feat as a Blue Jay. Though the 2000-01 season failed to produce a MAC championship for the Jays as a team, the 2001-02 team will be interesting to watch nonetheless. The Jays will bring some key contributors back, as usual, and will mix in some younger grapplers, looking to field a competitive team for new coach Tony Griffin. -- Eric Stark

An Etown wrestler locks up with an opponent and awaits the signal from the referee to begin the round.

**Row 1:** Woody Adams, Bill VanWinkle, Art Mattes, Eric Boyle. **Row 2:** Eric Dusko, Steve Capoferri, Brian Alwine, Brett Koser, Josh Boyer, Brian Servetnick, Tony Griffin.

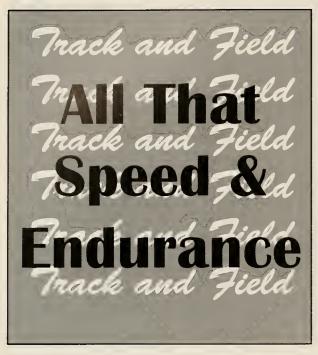

The match gets intense as each wrestler fights for position.

The Blue Jay wrestler seeks to attain the upperhand against the opponent.

With a roster that boasted a substantial number of members from the back to back MAC championships garnered by the 1999 and 2000 cross country teams, the men's track team came into 2001 expecting greatness, at least at the individual level. The team did not have as many athletes on the roster as much of its competition, making team victories difficult to come by. The team looked to senior Jeff Harmon, junior Mike Kistler, and sophomores Dave Berdan, Ian Tracy, and Dustin Scott for leadership. After a season filled with individual achievements, the ultimate measuring stick came in the form of the MAC Championships at Messiah. On the event's first day, the Jays brought home three medals—a gold for Scott in the 3000m steeplechase, a bronze for senior Dave Pappentick in the long jump, and a bronze for freshman Josh Lyman in the 10,000m. Three more medals came back to Elizabethtown on the day two of the event, as Scott won his second gold, this time in the 5000m. He was joined on the medal stand by Berdan, who placed second in the

same event, while sophomore Mike Zwatty took the bronze in the 1500m. Overall, the team finished a very respectable 6<sup>th</sup> out of the 10 teams. The men's season was also highlighted by Scott's NCAA meet berth in the 3000m event.

The women's team was also fighting the numbers game, as all through the season, the team was up against competition that had many more athletes on the roster. Freshman Jessica Popp scored one of the highlights from the 2001 campaign, as the pole vaulter set the meet record of 9'6" in the Messiah Invitational, which also tied her personal best and MAC Indoor championship mark, set in February. At the MAC championships freshman Carrie Kerna wrote her name into the record books as well, winning the women's only gold of the meet, in the 100m hurdles. Overall, the team finished 9th out of 11 MAC teams, obviously missing the presence of Popp, who was held out of the competition with an injury. Kerna also ran the 100m hurdles in the James Madison University Invitational, competing against Division I opponents, finishing a solid 7th.

As is often the case with fledgling programs, athletes have been tough to come by for the Blue Jays. Despite their obvious shortcomings, there were quite a few individual accomplishments for this group to be proud of, and with a talented nucleus returning in 2002, the future is bright for the program as a whole. And, by the way, head coach Chris Straub is in need of a few good men and women.

The track team gets loose before practice.

A Blue Jay track & field athlete releases all of his energy on a discus throw.

There is a fine line between being consistent and never getting over the hump. The Blue Jay golf team has been toeing that line for a while now. After finishing the 2000 campaign 6th out of 14 as a team in the MAC championships, the goals were a bit loftier coming into 2001. A preseason poll of MAC coaches had the Blue Jays slotted as the fifth best team in the MAC. Who says preseason polls are meaningless? As it turned out, the Jays suffered a case of deja vu at the MAC championships, again finishing in the sixth place position. However, the team had only one senior, Pat Day, on the roster. Conventional wisdom then says that the youngsters—juniors Mike Poysden and Bob Johns, sophomores Chris Bowen-Ashwin and Bryan Brilhart, and freshmen Kevin Bryner and Charlie Haines—gained valuable experience this year that will carry over into next year and propel the team to the top of the heap in the MAC. Hold that thought for now. This year's team did provide plenty of highlights, despite the fact that it failed to live up to its own expectations. The team got off to a good start finishing a close third in each of its first two outings, at Susquehanna and at Lebanon Valley. At Susquehanna, the team finished ahead of three others, while only

11 strokes behind tournament champion and host Susquehanna. Haines and Day led the way, each contributing a 78 to the card; good for a tie for fourth place overall. At Lebanon Valley, the team finished 3<sup>rd</sup> out of four teams, this time only six strokes off the pace, as Haines and Bowen-Ashwin led the way for the Jays. After struggling in a last place finish at the Dickinson tournament and a fifth out of seven in a return trip to Lebanon Valley, the team looked toward its largest tournament of the season, the Blue Jay Classie, which brought 18 teams to the Hershey Country Club. Despite finishing in 8<sup>th</sup> place, the team put together one of its strongest performances of the season, as all five scoring players shot 85 or better, led by Haines' 79. In addition, the team was only 11 strokes off the pace set by tournament champion Millersville. The team was again solid in its next start, finishing 7<sup>th</sup> out of 16 at Franklin and Marshall, as Day, Bowen-Ashwin, and Haines all shot under 80. The team struggled again in its next two outings, at Susquehanna (11<sup>th</sup>/16) and at the Cross Creek Invitational (14<sup>th</sup>/15), before finishing the regular season on a strong note. Haines put together a stellar performance at the York Invitational, shooting a 74 to lead the field, while the team tied York for the tournament title. So, as it was, the golfers were playing their best golf going into the MAC championship tournament. Haines again put together a strong performance, anchoring the team with a 13<sup>th</sup> overall finish individually. Bryner, Day, and Bowen-Ashwin also played well, but nonetheless the team had to settle for a 6<sup>th</sup> place finish for the third consecutive

year, leaving a bitter taste in their collective mouths. First year head coach Malcolm Jackson is hoping that bitter taste is still lingering at the MACs next year, potentially resulting in a run at the title.

--Erie Stark

Junior Bob Johns practices his skills at the driving range before the match.

**Row 1:** Head Coach Malcolm Jackson, Charles Haines, Chris Bowen-Ashwin, Pat Day, Kevin Bryner, Bob Johns, Asst. Coach Keith Marks.

The Etown guys loosen their muscles by taking some practice swings at the driving range.

Cori Huntzinger, Kristy Hauer and Melissa Woodruff worked hard to recruit new members to join the yearbook staff at the Activities Fair.

Who knew that Garth DeAngelis and Deric Wilson, Phalanx boys, had such a feminine side?

Megan Naugle and Krinstina Burch help to tell perspective students what Circle K is all about.

April Bannister, Jen Heisler, and Martha Helms, members of the Education Club, help out with Into the Streets at a local elementary school.

No student at Elizabethtown College can ever say that there is nothing to do on campus. There are a variety of clubs and organizations in which students can get involved, ranging from those directed at the student's major to community service groups.

The clubs associated with the college's majors, such as biology, education, English, history, law, marketing, and psychology, provide students with experience in their future career field.

Other clubs available at the college include art, cheerleading, chess, lacrosse, and many more. Etown also has a chapter of Circle K International, S.M.I.L.E., and Habitat for Humanity.

Students also have the opportunity to become involved in the student media. ECTV is a 24 hour leased access cable television station operated by students in which they can produce and direct their own shows. Any student can serve the college and local communities with a variety of music styles as a disc jockey for WWEC. Run by students, the Etownian newspaper features a complete range of news, sports, and editorials. The Conestogan, Etown's yearbook, provides students with a permanent record of the past year, covering events in sports, student life, clubs and academics. Honor societies such as Alpha Kappa Delta, Beta Beta Beta, and Alpha Lamda Delta recognize students' academic achievements, and organize community service projects. With all of these organizations, how can anyone complain of having nothing to do on campus?

## Activities Fair

On Wednesday, September 6th, the College community gathered on the Midway for the annual student activities fair. With elaborate tables decorated to lure in new participants, many of the clubs on campus put their best foot forward for the new recruits. Every group on campus was invited to participate, and those that did brought banners, novelty items and informational pamphlets about their group. Club presidents and leaders were present at each station to speak with those who were interested in their group.

Imagine the people, the midway lined with tables, and balloons--it was almost as good as homecoming. Many upperclassmen return year after year to sign up to participate in the same clubs as they did the year before, while others like to vary their participation. As sophomores, juniors, and seniors mingled around for the familiar and not so familiar tables, the freshmen were in a brand new world and what better opportunity to learn about the campus clubs than putting them all on display at one time and in one location. No need to call the people in charge of the different groups: it was all right there! The activities fair was, by far, one of the best time management events offered by the college.

E C T V Channel 40

Etown's TV studio is an establishment available to the Communications majors that allows them to learn hands-on. The TV station is located on the second floor of Steinman Center, which was newly renovated during the summer of 2000. Without the pressures of a major corporation, students can write, edit, produce, and star in their own shows, where they begin to see their visions come to life. Shows can focus from any subject: fashion, sports, comedy, or music. Some of the current shows being aired on ECTV are: News 40, The Learning Ladder, The Show, Now Showing, Stick to the Facts, Videoactive, Java Jive, and Sports Scope. The TV station also serves the rest of the Elizabethtown community by broadcasting important events and information for its students.

--Kelly Hennessey and Crystal Dalangin

A member of an ECTV show sits and reviews her notes prior to taping.

The control room, where people such as the director, technical director, video tape operator, and graphics operator, sits and overlooks the show being taped.

Whether informing, entertaining, or both, the Elizabethtown College radio station does so successfully and professionally. WWEC 88.3 is the station to have on your radio if one is looking for some simple, fun listening brought to the public by Etown's own college students. The radio station, located on the second floor of Steinman Center, has everything a radio station does, which is great for hands-on learning. The station broadcasts weekdays from 7am to midnight and weekends 8am to midnight. New technology is constantly being added to enhance not only the quality of the radio station, but the quality of the experience Elizabethtown students can derive from the Communications Department. Because of such advances in technology, WWEC 88.3 can now be heard worldwide on the internet.

Members of WWEC 88.3 FM do a live broadcast from an activities fair for perspective students in Hershey Hall.

A student works on his live radio show, in which people can call in to request songs. The radio shows also do reports on weather and traffic conditions around the area.

Conestogan Yearbook The *Conestogan* is the college's yearbook. It is the schools only permanent record of each school year. The yearbook office is located in the basement of Royer Hall. It covers special events ranging from the day freshmen move-in in August to Graduation Day in May. Other sections covered in the book are seniors, faculty, sports, clubs and proud parents, in which parents of a graduating senior can buy an add for their child. The staff works closely thoughout the year with the campus community, along with Taylor Publishing Company and Merin Studios, Inc. Anyone on campus is welcomed to join the staff throughout the year and work on areas such as page layout, photograhy, writing, or with the business manager. Communcations students must also do work for the yearbook one semester as part of their major requirements.

Business Manager Melissa Woodruff fills out last chance order forms to send to the Business Office.

Co-editor Kristy Hauer shows AP Comm student Ashley Britcher how to fix a layout on the computer.

Layout editor Leigh Barton calls a club president to schedule their yearbook photo.

AP Comm student Sarah Stevens addresses faculty last chance order forms.

Spirit and enthusiasm is a very important part of a school's athletic program. This year's spirit and levels of support were no exception—all thanks to the Etown cheerleading squad. The co-captains, which lead this year's 17-member squad, were senior Toni Lubrano, and juniors Allison Ainley and Nikki Tarconish. This dedicated group of girls practiced 5 days a week during the spring semester for an hour to an hour and a half. Their main responsibilities entailed spreading school spirit during the home games for both the men's and women's basketball teams. They also cheered and supported the members of the wrestling team at their home matches.

The cheerleading squad has made a lot of progress in the program in a short time. This year they performed as an exhibition squad in November at the Etown Boys Club Cheerleading competition. They also performed in several parades throughout the year-the homecoming parade and the Elizabethtown Christmas parade. The squad ran a clinic for area youth cheerleaders at the middle school activities fair during Into the Streets.

During the season, the squad's primary fundraiser was working the concession stand at the high school cheerleading competition held in Thompson Gymnasium by the

Etown Lions club. As a result of a very successful fundraising last year, they were able to purchase new uniforms to wear for this year's season.

Due to their growing success, the girls were given many compliments this past year because people were impressed with how their squad has grown. One of their main goals this past year was to take their performance on and off the court to a higher level than in years past. "I think we surpassed that goal. We owe a lot of our growth and success to our coach, Loris Grogan!" explained Nikki Tarconish. With that in mind, it looks like the Etown cheerleading squad will have many more successful seasons ahead of them in the future.

-Kristy Hauer and Nikki Tarconish

Cheerleading

The Etown cheerleaders prepare for a game by going over their routine one last time.

Stetching is an essential part of cheerleading to avoid any type of injury

The cheerleaders spread school spirit as part of the homecoming parade.

# Phalanx

Its name taken from a military term meaning "a group of men coming together for a common goal," Phalanx is Elizabethtown College's all-male a cappella group; the aspiration that unites these young men is to entertain members of the Etown community. Phalanx competes against other college a cappella groups, performs for charity events, and provides countless hours of musical pleasure for thousands of listeners.

The ensemble was founded in the fall of 1992, and has since become one of the best-known organizations on campus. Directed by Jeremy Lehn, Phalanx is comprised of the voices of Joe Anzuena (President), Adam Brophy (Vice President), John Bilich (Business Manager), Adam Halpin, Chris Gottshall, Garth DeAngelis, Kevin Shaw, Erik Kohan, Troy Trayer, and Deric Wilson.

With its fourth album, "Goodphellas," premiering on December 2, 2001, the group's collections – including *Vision*, *Road Trippin*', and *Milk It* — feature tunes ranging in style from Top 40 to oldies. Artists such as U2, LIVE, The Goo Goo Dolls, Creed, and Sting have been honored with cover numbers from the

gentlemen of Phalanx. Whether on campus or across the country, Phalanx has achieved lofty heights of popularity, particularly with female fans: After all, what lady wouldn't want one of these talented fellows serenading her?

--Samantha Smigel

Students of Etown love the sweet sounds put out by our all male a capella group Phalanx. These guys also know how to show their fun side.

Melica, the Elizabethtown College all female a capella group began 5 years ago. Currently the group features 12 voices ranging in years from freshman to senior. The group is completely student produced and directed. Each year, Melica holds a festival called "Girls Nite Out." Here they feature student performers as well as performing a few pieces themselves. Proceeds from this event are given to the battered women's shelter. Melica has also performed along side Phalanx, E-town's male a capella group, at their spring concert. This year the group expanded it's horizons by attending the national a capella festival in the fall. The group said that they learned a lot from the experience and they will use this knowledge to make them better for the future. Melica has performed at numerous locations around Elizabethtown and surrounding areas and they are always open for new gigs. Auditions for new members are held each year.

--Jama Weigher

Melica

The ladies of Etown's all female a capella group, Melica, show that they have many sides to their performances. This past year, they appeared at fuctions such as the Into the Streets kickoff party, their sponsored event Girls Nite Out, and Mr. Etown.

A P B

The Activities Planning Board does their part to keep the students at Elizabethtown from being bored. APB generates memberships in many ways. They have a table at the activities fair at the beginning of the year. They also rely on word of mouth and members bringing friends to the meetings. "We are constantly getting new members," says president Jen Bothwell.

At the first meeting, members join different branches of the club. There are seven separate parts of APB. One group is Act 31. Members of Act 31 bring in the comedians that are seen on weekends. Etown After Dark brought Psychic Night and Mr. Etown to the College. The Movies group is in charge of the movies on the weekend shown in Gibble Auditorium. This year, APB also sponsored a drive-in movie on the midway. Music organizes dances and brings in bands thoughout the year. This year, Vertical Horizon and Sister Hazel entertained the students in Thompson Gymnasium. Public Relations organizes giveaways during the year and makes sure posters are placed around campus along with the upkeep of their main

bulletin board in the BSC lounge. The Roost group does the coffee houses and BINGO. Special Events is the group that plans the highly awaited TGIS weekend each spring. APB members do a tremendous amount of work for this campus and their efforts should not go unrecognized.

-- Megan Carden and Kristy Hauer

This year's Second Annual Mr. Etown "It's Gonna Be Me" was a huge hit provided by Etown After Dark.

This year's winner was Mr. SDLC Justin Covington.

Members of APB worked hard during this year's TGIS. They organized all of the activities, booked the entertainment, and sold t-shirts throughout the weekend.

The Elizabethtown College Concert Choir is an auditioned touring choral group that has a long history on this campus. The ensemble sings a variety of styles of music and concentrates on using healthy vocal techniques. The singers present concerts both on and off eampus, including a winter concert, a spring concert, and participation in the Christmas Candlelight Service. This year, the ehoir sang Chinese and African songs as part of the International Festival. For more than thirty years, the singers have gone on tour during Spring Break. This year, the choir traveled to Maryland and to Virginia. They sang in a variety of Brethren churches, however the highlight of the tour was singing a cappella in the National Cathedral in Washington, D.C.! In addition to rehearsing and performing, the group attended a concert of Mozart's Requiem at the Kennedy Center, toured Harper's Ferry, and partook in fun choir social "traditions." This year, the choir was conducted by Kirk-Evan Billet and accompanied by Kimberly Trout ('03). The officers for this year were: President: Jennifer Lentz ('01); Vice President:

Concert Choir

Megan Zerbe ('02); Librarians: Kathleen Hall ('03) and Matthew Phillips ('03); and Student Manager: Jane Irwin. They represented the choir, organized social events, and provided feedback for the director. This year, the choir bids "adieu" and wishes all the best to Jennifer Lentz and Susan VanGorder, two senior music therapy/voice majors who have been a part of the choir for the past four years. —Jennifer Lentz

The concert choir, dressed in formal attire, gathers after an evening performance.

The concert choir members show their fun side at a social gathering.

Always remembering those who supported them along their jouney, especially Dr. Billet, seniors Susan VanGorder and Jennifer Lentz depart for known and "unknown regions."

"Thank you everyone for a wonderful year. May the future choirs of E-town make beautiful music together! -Jennifer Lentz (Formerly Jen Coe)

# Circle K

The Elizabethtown College Circle K club takes pride in its commitment to service. They participate in a wide variety of service projects throughout the academic year. These include playing Bingo at Manor Care, holiday parties at the Water Street Rescue Mission, and volunteering at the Central Pennsylvania Food Bank. One project that stands out in the members' minds as a favorite is their monthly trip to the Ronald McDonald House in Hershey. The House provides a place to call home for parents of children who are undergoing treatment at the Hershey Medical Center, located across the street. The club prepares a meal at the House, which gives them an opportunity to interact with the relatives of children who are in the hospital. Weekly meetings are a time to reflect upon what they've done to serve the community and plan future service projects.

At this year's District Convention in Wilkes Barre, PA, each of the club officers were recognized as Distinguished Officers, thus meeting all of the criteria of their position and fulfilling all of their obligations. The club also won the

first place award for their scrapbook in their division. The scrapbook theme for this year was "Hop On and Ride the Wave of Service." It was a chronicle of the past year ranging from District Convention 2000 to the events leading up to District Convention 2001.

- Eric Stark and Kristy Hauer, Circle K members

A group of Circle K members attended the District Convention. Here, they are dressed up at the Governor's Ball in which the awards are recieved for achievements thoughout the year.

Members of Circle K joined 5 other clubs from the Capitol Division to do a divisional service project at the Central Pennsylvania Food Bank.

Kristina Burch and Kristy Hauer show the club's scrapbook at the transitional banquet. The scrapbook won first place in their division at District Convention.

Members of Kappa Delta Pi, the education honor society, and the Education Club work closely together on many projects and events. The Education Club is open to students who are interested in early childhood, elementary and secondary education. Members of Kappa Delta Pi are inducted in a ceremony held in the fall semester and must meet the requirements set forth by the Department of Education.

Some of this year's activities of these organizations included the Into the Streets project at Mill Road Elementary School where they helped to prepare classroom things for the teachers, along with doing small projects with area children; holding numerous book drives; tutoring at Martin Luther King Elementary School; the Kappa Delta Pi book fair and the end of the year pienic.

These two groups also work together to help prepare its members for the work force by holding workshops on creating and presenting professional porfolios and holding mock interviews with superintendents from area school districts.

## Intramurals

Fall is a time of change. Not only do the leaves upon the trees change from a summer green to the traditional autumn colors, but it is also a time when students transition back into their class schedules. Relief exists, however, on the various athletic fields and on the courts found in Thompson Gymnasium. Each fall, flag football kicks off the intramural sports program. Basketball and volleyball follow suit in the winter and soccer and softball in the spring respectively.

A look at intramural volleyball: Volleyball, although not at an intercollegiate level, was often just as competitive as a varsity sport. Gathering students of all skill levels and putting them in a sports setting for some fun led to some friendly competition. Many students who participated in volleyball intramurals have played volleyball in high school or just as recreation. With much anticipation, students jumped at the chance to play among other students who were just as eager about the game. Jodi McComsey, a sophomore, has played intramurals for the past two years. "It was a way to have fun and hang out with my friends while

taking a much needed break from work," she commented. Volleyball, like all of the other intramurals, proved to be what they set out to be: athletic activities that allowed students to escape from studying and simply have a little fun with their friends.

—Sarah Stevens

# In Closing...

From moving-in day at the end of August until graduation in May, many changes occurred and countless memories were created. Those days that were once considered the present turned into All Those Yesterdays. Freshmen made it through their first year of college, while seniors looked to move on with their lives and head into the professional world. Throughout this past school year, we embraced life and made the best of the circumstances and obstacles that came our way. We celebrated simple pleasures and tried to learn something new everyday. We evolved and improved as individuals and reached out to help our friends when they were in need. We offered thanks to those who guided us and supported all of our endeavors. By using our imaginations, we journeyed to places that once seemed beyond the realm of possibility — all contributing to the yesterdays that made our fondest memories come to life. Now, we move on to the future, not knowing exactly what to expect and for what to prepare ourselves. Whatever the future may hold, we must remember to relax, listen, and take the time to absorb and savor the things around us, for the present quickly becomes the past and adds another chapter to the segment in our lives known as All Those Yesterdays.

-Kristy Hauer

Special Thanks to: Tamara Gillis and Gene Ellis, our advisors for the 2000-2001 school year; Ed Patrick, Jr. and Taylor Publishing Company; Merin Studios, Inc.; The Busines Office; The Post Office; Duplicating Services; Ian Showalter and Sports Information; and all faculty, staff, administration, resident assistants, club leaders, and most of all the students of Etown for helping us capture the memories of All Those Yesterdays.
